Californian To Head Educational Survey

...Preceding Further Legislative Study

By Betty Person

The Legislative Council Committee on Higher Education agreed Friday to invite Dr. Lyman Glenn of Sacramento State College to come to Nebraska to make a preliminary survey of higher education institutions and needs in the state.

This step followed the recommendation of Dr. T. R. McConnell of Palo Alto, Calif., noted educator and professional consultant who conferred Friday with the committee and heads of most of the universities and colleges in Nebraska.

Dr. McConnell, professor of higher education at the University of California at Berkeley and chairman of the Center for Advanced Study of the

Behavioral Sciences, outlined to the committee during its morning session suggested procedure for the study of higher education authorized by the 1959 Legislature.

Dr. Glenn is expected to come to Nebraska soon for a two-week survey of the state's 21 public and private colleges and universities and make a preliminary determination of the areas which should be studied to improve Nebraska's educational picture.

Determination Then

Determination of who will conduct the study will be determined at the conclusion of Dr. Glenn's preliminary survey.

Dr. McConnell told the committee the study itself would take "not less than 6 months," and recommended that its scope be limited to the most important items so "you can do a good job of what you produce" in the time available.

It was generally agreed

that an advisory committee, composed chiefly of educational institution representatives and possibly some lay people, should be formed to work with the director of the study.

Heads of the various institutions of higher learning reaffirmed their pledge of cooperation in the study and indicated they could provide some personnel to assist the director in the study.

Included among the areas of study will be the role now played by private institutions and their potential for the future, the part of junior colleges and how they should be financed, and the roles of the state's teachers colleges, Omaha University and the University of Nebraska.

Sen. Richard Marvel of Hastings noted that financing of the University of Nebraska and the state's 4 teachers colleges now accounts for 46% of the state's total general fund appropriation.

DEMOS TO GET TOUR BRIEFING

Worried Lipstick-Makers Begin 'Battle For Lives'

Washington (P)—The lipstick industry says it is virtually fighting for its life against a government ban of 17 coal-tar colors.

It may push its case as soon as the hubbub over cranberries ends.

The colors were listed as taboo last month by the Food and Drug Administration after test rats became ill or died when fed some of the red, yellow and orange dyes that go into lipsticks.

Most lipsticks on the American market would be affected, an industry spokesman said, adding:

"Without some of these dye no satisfactory lipstick could be manufactured."

The major lipstick makers contend the

colors the government purposes to ban have been used in hundreds of millions of lipsticks for more than 35 years without any evidence of causing harm.

Under the law, the government must ban the use of any coal-tar color that proves harmful when used in significant amounts in the diet of test animals, even though its use in smaller amounts would be safe.

The proposed ban was issued after 90-day feeding tests showed some of the colors harmed laboratory rats. Some of the animals died, others showed retarded growth, liver and kidney damage, enlarged spleens, anemia and other ailments. They were fed doses of from .25 to 2% of the color dye in their diet.

TALK IS SET FOR NOV. 30

...At White House Breakfast

Augusta, Ga. (P)—President Eisenhower has invited 5 top Democrats and 4 Republicans from Congress to a Nov. 30 briefing on his 20,000-mile good will mission abroad.

It will be a breakfast session at the White House in Washington 4 days before Eisenhower's takeoff Dec. 3 for capitals of 11 European, Asian and African nations.

The meeting will bring in Senate and House leaders of both parties and the Democratic chairmen and senior Republicans of the Foreign Affairs Committees of House and Senate.

Acting White House press Secretary Wayne Hawks said all but one or two already have accepted.

His Counter Proposal

The conference is Eisenhower's counter proposal to a suggestion of Sen. Thomas J. Dodd (D-Conn.) that the President take one or more leading Democrats, such as former President Truman, on his projected trip. Truman and Eisenhower have been somewhat less than friendly ever since the 1952 political campaign.

Eisenhower rejected Dodd's suggestion as impractical for a journey with such a crowded schedule. He told the senator he had proposed the two-party meeting with congressional leaders as more useful.

Hawks said these Democrats were invited: House Speaker Sam Rayburn and Senate leader Lyndon B. Johnson, both of Texas; House majority leader John W. McCormack of Massachusetts; Chairman J. W. Fulbright of Arkansas of the Senate Foreign Relations Committee; and Chairman Thomas E. Morgan of Pennsylvania of the House Foreign Affairs Committee.

Invitations also went out to these Republicans: Senate leader Everett M. Dirksen of Illinois; House leader Charles E. Halleck of Indiana; Sen. Alexander Wiley of Wisconsin, top Republican on the Foreign Relations Committee; and Rep. Robert B. Chipfield of Illinois, who has a corresponding role with the House Foreign Affairs Committee.

Hawks told a news conference questioner he didn't know specifically what the President intended to discuss with the congressional visitors or why Eisenhower considered the meeting necessary. The telegram Eisenhower sent out from here to all the leaders, Hawks said, stated only this:

"It has occurred to me that a pre-departure discussion of

the trip might be of interest to you."

The setting-up of the conference was the main business of a quiet day at the temporary White House at Augusta National Golf Club.

AF Moon Goes Into Pole Orbit

Capsule-Catch Game Ahead

Vandenberg Air Force Base, Calif. (P)—The satellite Discoverer VIII rocketed into polar orbit Friday for a 5th try at a vital goal—ejecting a capsule so it can be recovered from space.

Recovery, of prime importance in America's Man-in-Space program, will be attempted Saturday—by plucking the capsule from the sky if possible, from the sea as second choice.

The Air Force said signals from the 1700 pound satellite were picked up by tracking stations in Alaska as it completed its first circuit of the earth.

Information radioed back from the satellite indicates it is in a north south orbit. At its closest point the satellite is 120 miles above the earth, and its farthest 1,000 miles.

Once In 103

The satellite is whirling around the earth's poles once every 103 minutes.

Five of the 7 previous Discoverers have orbited. There have been 4 recovery tries, all failures. Capsules were ejected from Discoverers II, V and VI. Number II had a faulty timing device. On V and VI the capsule's radio beacon failed. Number VII had power failure that prevented ejection.

"Capsule recovery," said one officer, "is a crisis point in our Man-in-Space program. Recovery from orbit has never been accomplished, by us or Russia. Until we can establish the technique we will never send a man into orbit because we have to be sure we can get him back."

TEMPS GOING EVEN HIGHER

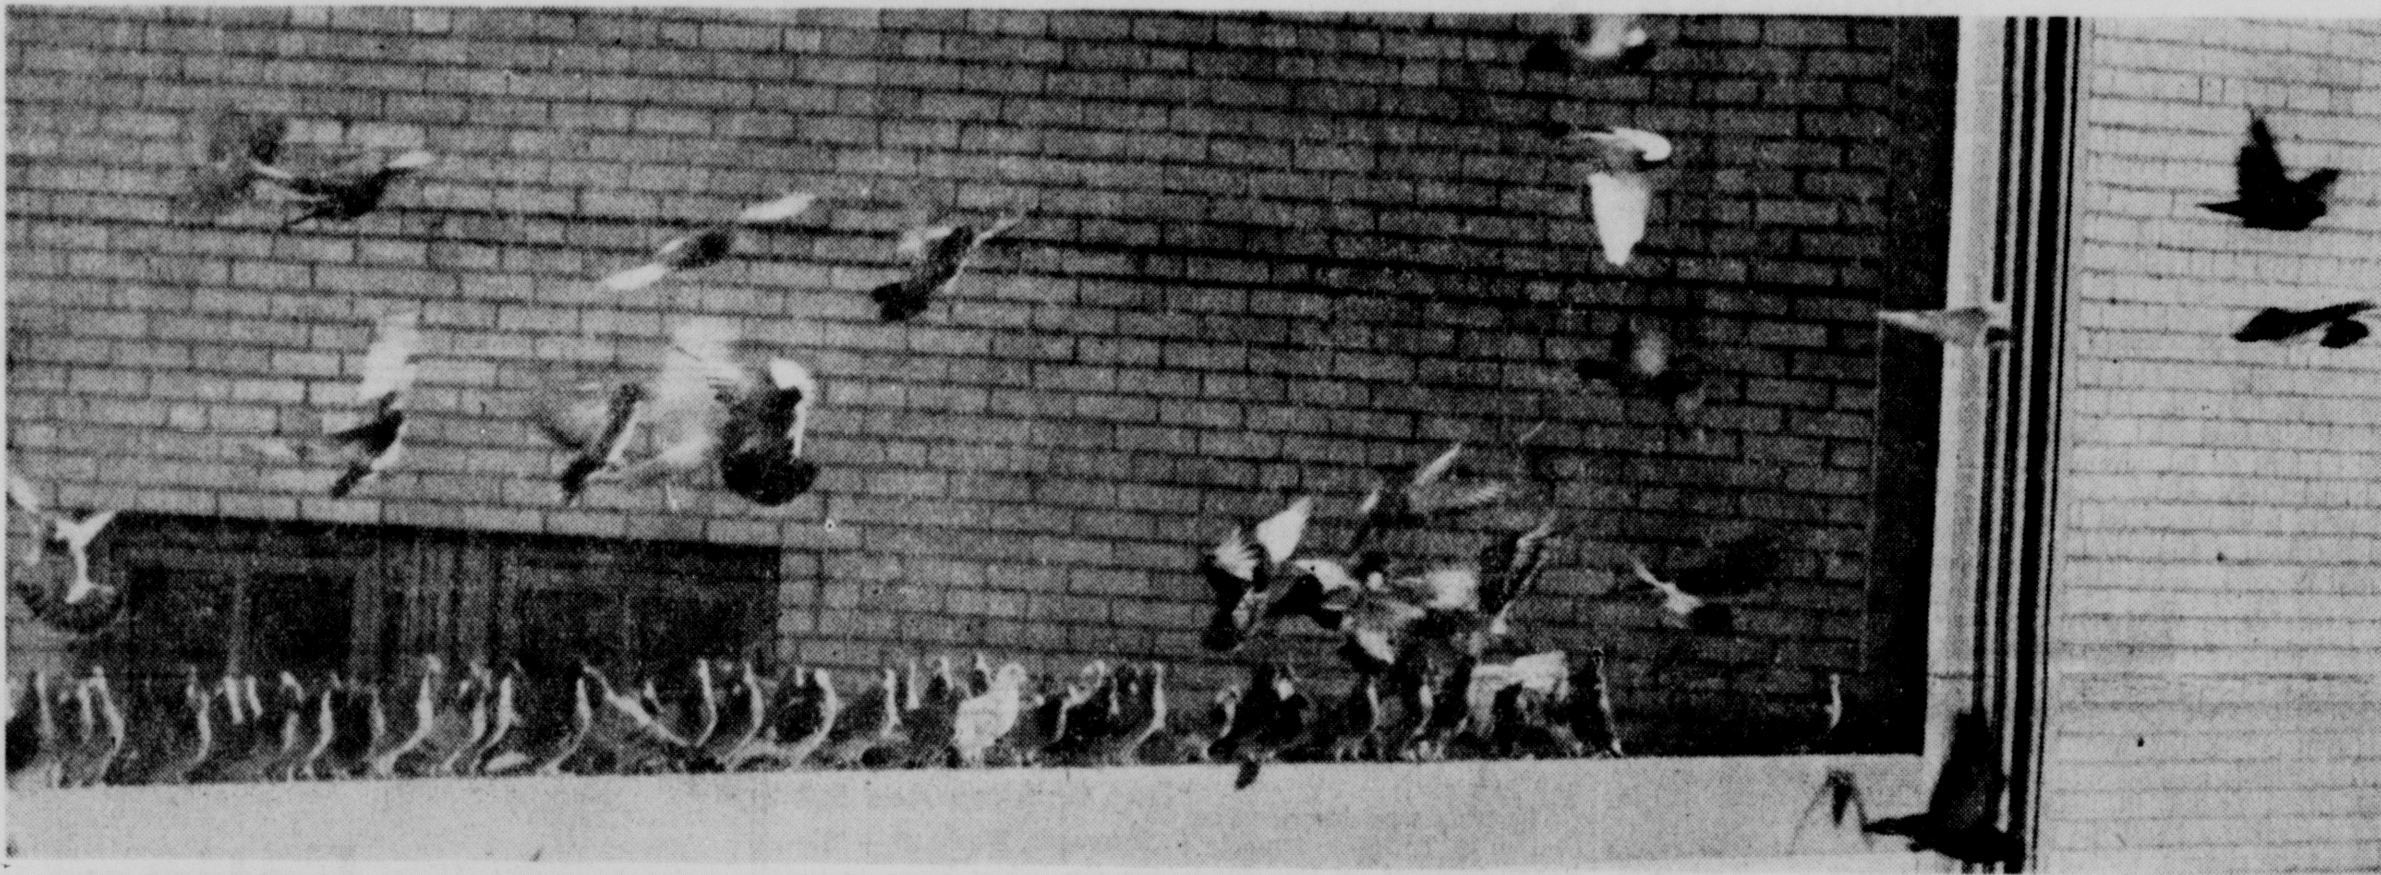

Generally fair skies and warmer temperatures are expected throughout Nebraska Saturday with highs in the 50s north to the 60s southeast.

Temperatures will remain about normal Saturday night.

Grand Island reported the state high Friday with 58, with a low of 19 reported at Scottsbluff. Lincoln's high and low temperatures Friday were 56 and 31.

Aero Board Approves Frontier CAB Protest

...ATTORNEY CONTACTED; COST AT \$15,000

By Nancy Shirley

"Inadequate service and undue discrimination" dealt Nebraska by Frontier Airlines will be fought in proceedings before the Civil Aeronautics Board.

The State Aeronautics Commission, meeting in Lincoln Friday, voted unanimously to ask the CAB to either instruct Frontier to provide "good, adequate service" to Nebraska, or authorize Nebraska to "seek another carrier for the state."

The Commission's action followed Frontier's announcement that it would suspend part of its Nebraska service Jan. 1.

Rush Clarke, legal counsel for the Commission, told the members that "we simply have to do this. We have no escape—we must protect ourselves."

Attorney Contacted

Clarke said that he knows a Washington attorney who is "one of the best in the United States," and who will inform Clarke Monday whether or not he will be able to take the case.

"He admits we've got a tough case," Clarke said, "but thinks we're right on every point."

"But it's going to cost money to get capable Washington legal aid," Clarke said, estimating that the tab for these services would run "to about \$15,000."

"But we already have a lot of money invested in the air service case," Commission Chairman C. H. Fliesbach of Scottsbluff said, "and we'd be shirking our duties if we didn't follow through on this thing."

Funds Available

State Aeronautics Director Jack Obbink assured the Commission that funds for the CAB proceeding would be (Continued on Page 3.)

EZRA BENSON

Berry Mess 'No Good,' Ezra Says

Washington (P)—Secretary of Agriculture Ezra Taft Benson said Friday it is "entirely possible Secretary of Welfare Arthur S. Flemming could have protected the public from tainted cranberries without a general warning that throttled practically all sales."

Benson refused either to defend or criticize his fellow cabinet officer's methods, saying he was not in a position to judge.

But Benson remarked that the timing of Flemming's public warning, coming as it did only a short time ahead of Thanksgiving, seemed difficult to the industry.

No Sympathy

The agriculture secretary—who called the news conference to announce a drive to help the embattled cranberry industry—showed little sympathy for growers whose berries became contaminated by a weed killer found to produce cancer in rats.

17% Parcel Post Rate Hike OK'd

Increase Seen After Christmas; \$88 Million More Income Eyed

Washington (P)—The Post Office Department Friday got authority to increase parcel post rates by about 88 million dollars a year. But there appears to be no likelihood the higher charges will fall on this year's Christmas mailing rush.

The increase, approved by the Interstate Commerce Commission, will average 17.1%.

The Post Office Department said the question of the effective date is under advisement, and probably will be announced sometime next week.

However, postal officials were reported to be thinking in terms of a 60-day notice to the public on the changes. That would throw them over into January at the earliest.

3 Months

When the department got its last parcel post rate rise in June, 1953—averaging 36%—Postmaster General Arthur E. Summerfield made them effective on Oct. 1, more than 3 months later.

At that time, he said this

ALL LINCOLN CRANBERRIES SAFE-TESTED

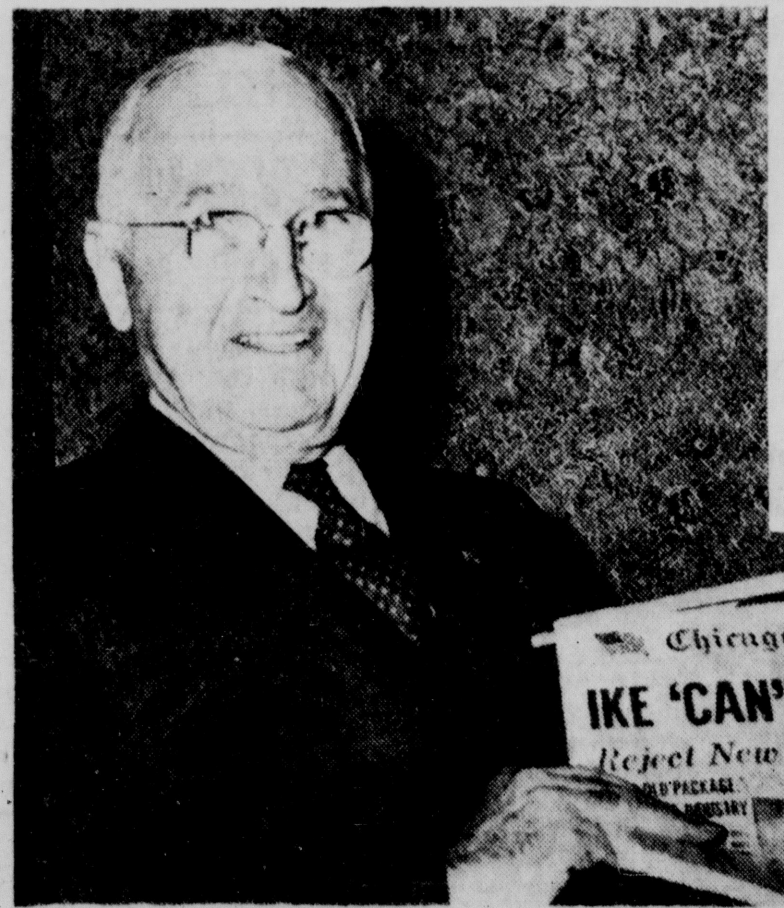

All fresh cranberries received by local wholesale dealers have been given clearance by the Federal Food and Drug Administration.

Lincoln's wholesale dealers reported Friday receiving the word that the fresh cranberries were examined and found free of contamination from aminotriazole.

Those wholesalers handling only canned cranberries are awaiting word from the FDA; but none of the canned berries in this area are grown or processed in the reported contaminated area.

Rail Problems At Climax--Management WORK RULES ARE CALLED OBSOLETE

Chicago—Management of the nation's railroads asked labor leaders to help settle the industry's problems which they said have reached a climax.

Some 200 members of the Assn. of American Railroads representing 164 lines joined in a resolution underlining that they are in a "fight against obsolete work rules" which, they said, is the workers' and the public's fight as much as management's.

The association members in their annual meeting said that "a labor crisis appears to be approaching in the railroad industry."

They said management "will pursue every peaceful means to revise the outmoded work rules in this industry," and asked labor leaders to join management in the effort with "statesmanship and responsibility."

General chairman of the Brotherhood of Locomotive Engineers Friday gave Guy L. Brown, grand engineer of the union, authority to handle negotiations on railroad demands for major rule changes "as he sees fit."

Ready For Strike Vote

Then the 125 general chairmen, the brotherhood's business agents on the various railroads, headed home to take a strike vote to enforce union demands for wage increases.

The vote of confidence came after Brown told the general chairmen he will meet in Cleveland Tuesday with the chief executives of the other railroad operating brotherhoods to plot a counterattack to the industry's drive for rules revisions.

The union chiefs are expected to decide whether they will make joint counterproposals to the railroads' rules demands, served Nov. 2. The demands for rule changes are aimed at eliminating what the carriers contend is "featherbedding waste" amounting to more than 500 million dollars a year.

Brown said "the carriers have refused to bargain" on the engineers' demand for a 12% pay boost. The dispute, together with those involving the conductors and switchmen's unions, has been in mediation for weeks before the National (railway) Mediation Board.

STATE ISSUES WARNING ALSO

Dr. E. A. Rogers, State Health Director, urged that everyone, who has a camping trailer, 10 by 18 feet that is heated by a wall heater 13 by 19 inches, the brand of which is unknown, get in touch with the trailer manufacturer immediately.

According to Dr. Rogers, the Indiana State Health Department is obtaining the serial numbers of all trailers that are known to be equipped with such heaters, and the list should reach the Nebraska office within the next few days.

He added that the State Motor Vehicle Department will check the numbers to trace any registered with Nebraskans and they will be notified.

British Fume Over Plaque In Restroom

Slough, England (P)—A sizable section of British public opinion recoiled against using a public toilet to honor the dead of World War II.

On the wall of a public lavatory in this industrial town near London appeared a plaque saying:

"Dedicated to the memory of those who gave their lives in the Second World War."

Paul Hoste, 48-year-old Frenchman who had wartime service with the British Army, told newsmen:

An 'Insult'

"To put this plaque in this place is an insult to the men of the British Army—the comrades I saw die in North Africa."

Promising he would appeal to the royal family and to prime ministers of the British Commonwealth, Hoste added he would go to jail rather than see the plaque stay in position.

The Slough Council of Ex-Servicemen Organizations also agreed the plaque was a dreadful insult to war dead. "Now Mr. Hoste has persuaded us to have another go at getting it removed," said an official.

And the London Evening Star—circulation nearly one million daily—said many more dignified memorials could have been erected.

"On a public lavatory! In Slough! Ugh!" said the Star.

Last Of Fighting Earps Is Dead

Vallejo, Calif. (P)—Old age brought down the last of the fighting Earps.

Virgil Earp, whose uncle was the famous Marshal Wyatt Earp, died peacefully at the age of 80. His father was Wyatt's brother, Newton.

Virgil got nationwide attention in 1958 when he appeared on the television quiz show, "The \$64,000 Question," and won \$32,000 in the Wild West category.

It was a category he had lived out—birth in a wagon train's camp ground at Tombstone, Ariz., a totter of a 6-shooter when he was 16; sheriff of Paradise Valley, Nev., when he was 18, and claimant of 3 notches in his gun by the time he was 21, and eventually a gambling hall operator known among gamblers as a man of his word.

Recently he showed a newsman the .38 colt he inherited from an uncle.

"We Earps never know when someone out of the past will come looking for us," he said.

WIREPHOTO

NEW SHRINE DEDICATED

Members of the Knights of Columbus form a corridor around the base of the Shrine of the Immaculate Conception for a procession of high officials of the Roman Catholic faith at the dedication of the \$30 million structure in Washington. It is the largest church ever built in this country by the Roman Catholics.

Biggest U.S. Catholic Church Dedicated

... Washington Structure A National Shrine

Washington (P)—A mighty church, the largest ever built in this country by Roman Catholics, was dedicated Friday as their national shrine.

Amid rites and pageantry rooted in antiquity, the Shrine of the Immaculate Conception was consecrated as a center of devotion for 36 million Americans of the Catholic faith.

The Shrine takes its architectural style from the great Byzantine and Romanesque cathedrals of the Middle Ages. Its builders say it also will match their record of endurance.

North Of Capitol

Rising pale and lofty in northeast Washington, the shrine stands 3 miles north of the Capitol on the grounds of Catholic University. Starting Monday it will be open to the public from 8 a.m. to 8 p.m. each day.

But Friday was given over to ceremony.

Red-hatted cardinals in long-trained robes, archbishops and bishops in royal purple, priests in white and black cassocks took part in a state-ly procession around the outside of the church. Lining the entire route were Knights of Columbus in white plumed hats and gleaming capes, holding aloft swords that glinted in the sun.

200-Voice Choir

A fanfare of trumpets heralded the arrival of the procession at the massive doors in the main entrance of the church. The swelling voices of a 200-man choir accompanied the slow movement down the block-long aisle.

Three thousand worshippers filled the pews in the huge, vaulted interior. Thousands more gathered outside to follow the ceremony over loudspeakers. In the 16,500 Catholic dioceses throughout the country, others participated through special prayers.

Francis Cardinal Spellman of New York, ranking cardinal in the United States, presided over the mass that preceded the act of consecration. Archbishop Joseph E. Ritter of St. Louis, who heads the bishops' committee in charge of building the shrine, delivered the opening sermon.

Hearing Set For Road Relocation

... Highway 41

A public hearing on the proposed relocation of Nebraska Highway 41 east from Sterling has been scheduled for 1:30 p.m., Monday before the State Highway Advisory Commission.

One group of residents in that area has asked that the highway, which now runs on a southeast diagonal from Sterling to connect with State Highway 50 just north of Tecumseh, be relocated to run straight east from Sterling to Highway 50.

A delegation from Scottsbluff also is scheduled to appear before the Commission to request the relocation of U.S. 26 from Minatare with a partial by-pass of Scottsbluff.

A Deuel County delegation also will appear to request that a county road from Chappell south to the Colorado state line be added to the state highway system.

Commission Chairman Ray Ogier of North Platte said Friday a discussion on the location of the Interstate Highway from Grand Island to North Platte was not anticipated at the November meeting because a new study of a proposed alternate route is not yet complete.

The Highway Department indicated in its progress report last month that it was doubtful whether all the data could be obtained by this month's meeting.

Ogier said the matter would be taken up, however, if the reports were available.

OIL, GAS LEASES ARE SOLD

The oil and gas lease on a section of state school land in Cheyenne County drew a bonus bid of \$13 per acre Friday.

Thomas G. Dorrough of Denver made the bid, totaling \$8,320, at a sale of oil-gas leases conducted by the State Board of Educational Lands and Funds.

The tract was described as Section 16, Township 12 north, Range 52 West in Cheyenne County.

Part of a section in Kimball County, totaling 520 acres, drew a bonus bid of \$10.75 per acre from the Skelly Oil Co., or \$5,590. The land is located in Section 36, Township 15 north, Range 55 west.

Other tracts by county, with high bonus bidder and bid, included:

Frontier County: 560 acres, 16-3N-28W, Fred E. Shraake, North Platte, 50 cents per acre, or \$280.
Kimball County: 560 acres, 36-16N-37W, Midwest Oil Corp., Denver, \$2.25 per acre, or \$1,260.
Red Willow County: 640 acres, 16-2N-28W, Tennessee Oil and Gas Co., Denver, \$6.25 per acre, or \$4,000.

Adenauer Pulls Threat Of Berlin Pact Veto

London (UPI)—West German Chancellor Konrad Adenauer has withdrawn his threatened veto of any temporary Berlin settlement reached at the forthcoming East-West summit conference, diplomatic sources said.

British "clarification" of the cloudy diplomatic atmosphere came after a 3-day parley in London between Adenauer and British Prime Minister Harold Macmillan.

Ex-Ill. Solon Says 'Don't Fret USSR'

McCook, Neb. (UPI)—A former Illinois congressman said Friday night Americans should not worry about Russia's military and economic gains because the United States will always be ahead.

Calvin Johnson, Belleville, Ill., made the comment in a banquet address at the Nebraska Wheat Growers Assn. convention here.

He said American business would continue to grow as long as Americans have confidence in their military protection and government.

He warned, however, that Communist infiltration in this country poses a great danger.

Sen. Carl T. Curtis (R-Neb.) praised the association for its "fine work and progress" during the past 5 years.

A pancake breakfast will precede the election of officers and committee reports Saturday.

Petition Requests New Defendants In Airport Suit

A petition requesting the addition of several state organizations and officials as defendants in a suit testing the constitutionality of the Nebraska Airport Authorities Act was filed in Lancaster District Court.

The plaintiffs, C. O. Blanchard and C. C. Early, both Lincoln citizens, requested that the State of Nebraska, the Nebraska Aeronautics Commission, the State Department of Aeronautics and Jack Obbink, state director of aeronautics, be added as defendants in the suit.

Already names as defendants are the City of Lincoln, the Lincoln City Council, the Lincoln Airport Authority, and city officials.

The petition requested the additional state officials and departments be added because they have "needed additional information" pertaining to the suit already filed.

The suit alleges that the state act under which the Lincoln Airport Authority was created is unconstitutional and asks that the courts also enjoin the city from collecting a one-mill levy to help finance a bond issue for airport improvements.

Young Wife Kills Her Two Children And Self

Edmonds, Wash. (P)—"Return the hobby horse to the store—you can get a refund. And try not to think of us." Bank clerk James Werner found the note on the kitchen table when he came home from work.

In a bedroom, he found his wife Gerladine, her wrists slashed and bleeding profusely. Nearby were the bodies of their two children, Daniel Keith, 2, and Jonathan David, 14 months.

Mrs. Werner, 29, died on her way to a hospital.

Werner said his wife could give no reason before she died.

Two Get Prison In Gem Holdup

Las Vegas, Nev. (P)—A federal judge sentenced two men to prison and granted probation to a third for their part in the theft of a \$250,000 diamond.

The diamond was stolen the night of April 10 at gunpoint from Mrs. Vera Krupp, estranged wife of German industrialist Alfred Krupp.

OIL WORKER KILLED BY BAD GUESS

... And A Gun

Pinedale, Wyo. (P)—William A. Benhusky, 36, an oil field worker, was shot to death in a motel room Friday.

Sublette County Sheriff Morris C. Horton said Mrs. Edith Johnson, 44, has signed a statement admitting the shooting. She was jailed pending filing of charges.

"He was no good but I loved him," Horton quoted Mrs. Johnson.

Horton said Benhusky, who worked for Mountain States Drilling Co., was wanted on charges of failing to support his wife, Wilma, and their 3 children living in Sidney, Neb.

The sheriff quoted Mrs. Johnson as saying:

"I couldn't take it any more. He beat me up. He came home drunk Thursday night. He pulled a gun on me. He was going to shoot me."

"I said 'why don't you let me shoot you?' He told me there was nothing in there, to go ahead and shoot."

Benhusky was shot in the head with a .270 caliber big game rifle.

Pilot Permit Requirements Will Tighten

Washington (UPI)—The Federal Aviation Agency (FAA) tightened requirements for private and commercial pilot licenses in a move to reduce non-airline accidents.

Airline pilots, who hold transport ratings, are not affected by the FAA action.

The agency adopted new regulations which require commercial pilots to have at least 10 hours of instrument training.

The regulations call for private pilots to take dual instruction in instrument flight and "demonstrate emergency manual capability in attitude control simulating the loss of visual reference during flight." Freely translated, this means private pilots must know at least the rudiments of blind flying by instruments.

The FAA also said both commercial and private pilots will have to pass tests on the use of radio for communications and navigation in cross-country flying.

Ingenious 'Master Sergeant' Takes Free Vacation While Not In Service

Washington (P) — Lemuel King, a cashiered soldier who knew all the angles, duped the army out of a trip to Europe as a Master Sergeant last year. A court has ruled the army was just plain victimized and could take no revenge.

Here's what happened to the ingenious GI who got away with his masquerade even after trying to stretch his luck too far:

King, a 38-year-old veteran of World War II and Korea, received an undesirable discharge at Ft. Ord, Calif., in 1958. He told investigators he had run into trouble, including a drunk charge, while driving his big auto around the premises.

Had Rigged Orders

Three days after he was tossed out as a private he was on his way to Ft. Dix, N.J., posing as a Master Sergeant. He had connived with an unidentified clerk at headquarters for rigged orders.

King journeyed comfortably. He obtained \$194 in advance travel pay and \$75 in partial army pay.

Ft. Dix saw nothing wrong with the order, which authorized shipment overseas. Forthwith King was shipped.

Headquarters Co. of the 5th corps at Frankfurt, Germany, made him a food supervisor. In this pleasant assignment he ate and slept in good grace and, including allowances for 3 children,

Case Against Beer Drinkers Is Dismissed?

The University of Nebraska Student Tribunal has submitted recommendations to Dean J. P. Colbert to dismiss the case involving 24 University students in a Homecoming victory celebration near Emerald.

A party of 26, two of whom are not University of Nebraska students, were found having a beer party in a privately-owned cornfield near Emerald by county officials. The owner of the premises said he had given the group permission to hold the party there.

But, Officer!

Levittown, N.Y. (P)—Wait a minute, please, officer—pleaded Mrs. Bert Speer. She had, she said, a very good reason for parking in a restricted area in front of the supermarket.

The patrolman eyed her icily. "The only good excuse," he replied, "is one I haven't heard before—and I have heard them all."

Well, said Mrs. Speer, she had to get a grapefruit for a dinner guest. The guest? Why, Mrs. Franklin D. Roosevelt, an old friend of her family who was in town to make a speech.

The officer stuck his pad and pencil in his pocket and stalked away without a word.

Sought False Leave

Until July 1958, that is. Then an officer at Mannheim reported to Frankfurt that a soldier named King was asking an antiaircraft artillery clerk to type him up some leave orders.

The officer ordered King back to Frankfurt. King liked it in Mannheim. A week later, however, he reluctantly gave up. He was arrested with faked leave papers in his pocket.

The army charged its guest with fraudulent enlistment, absence without leave, failure to obey a law-

FRONTIER PROPOSAL BLASTED

(Continued from Page 1.)

available from department money.

Obbink said the proceeding against Frontier would be based on these contentions:

—violation of the certificate awarded Frontier by the CAB for air carrier service to Nebraska.

—inadequate service to Nebraska towns serviced by Frontier.

Obbink said that he has been instructed by Gov. Ralph Brooks to "pursue every angle of the case to develop improved Nebraska air service."

"We are involved in something which is probably bigger than the 7-States Case," Obbink said, adding that the proceedings will set a "national precedent."

Maytag Hit

Blasting Frontier President Lewis B. Maytag Jr. of Denver, Clarke said that the State Commission is "going to have to persuade the CAB to lay down the law to people like Mr. Maytag."

Clarke said that it was "obvious" that Frontier was providing inadequate carrier service "in an attempt to compete with United Airlines" on non-stop service from Omaha to Denver.

"A constant repetition of dissatisfied customers" demonstrates Frontier's "discriminatory attitude" toward Nebraska air service, Clarke charged.

He said that planes which were "safe to fly, but which had faulty mechanical equipment" were used on Nebraska flights.

Echoing Clarke's cry of "discrimination," Obbink said that Frontier "shows no interest in Nebraska. They want to develop to the status of United over the long haul," he told the Commission.

Obbink said that if the CAB finds that Frontier service has been inadequate and instructs it to correct it, the Commission will ask the CAB to start the 18-month "use it or lose it" trial period when adequate service is instituted.

BEAVER STILL UNDECIDED ON HIS CANDIDACY

Former State Sen. John Beaver of Beemer said Friday he has "not yet fully decided" whether he will be a Republican candidate for governor in next year's election.

Beaver, 63, is a retired merchant. He was first elected to the Legislature in 1950 and served 4 consecutive terms. He was Speaker of the Legislature in 1957 and grand master of Nebraska Masons for the 1958-59 term which ended last June.

His possible candidacy for the GOP gubernatorial nomination has been speculated upon for several months.

Beaver said Friday he was "still visiting with various men around the state" about the political race, but added, "I feel I should come to some decision before too long."

ful order, resisting apprehension, forgery and possession of a false pass.

By a sentencing agreement with the powers that be, King pleaded guilty, and was given a dishonorable discharge and one year at hard labor.

Charges Canceled

An army review board canceled the forgery conviction. The court of military appeals canceled the rest.

King, it ruled, was a civilian all the time.

Government prosecutors argued King "constructively enlisted" by voluntarily entering the service and accepting pay and allowances. Thus, they said, he was under army jurisdiction.

Just Masquerade

"At best," Judge George W. Latimer decreed, "all he did was to put on the garb of a soldier and masquerade as a member of the army in good standing. This record shows nothing more than a larceny or larcenies by trick in which the army was undoubtedly duped but not in agreeing to enroll the accused as a member of its community. It was just the victim of a crime committed by a civilian."

Chief Judge Robert Emmett Quinn dissented in the 2-1 decision.

Latimer said King, a native of St. Louis, may still be subject to action in civilian courts for his "deceitful and fantastic scheme." But in the army, No.

Ray Taylor Is Chairman Of Training Unit

Ray Taylor, representing LARC School, will serve as chairman of the federally-approved Occupational Training Center for the Mentally Retarded.

Officers were named Friday at a meeting of representatives of LARC, Goodwill Industries and the Lincoln Community Council.

Taylor

Other officers: Donald Kidney, Goodwill, vice chairman; Mrs. Fred Novak, LARC, secretary; and Robert Magee, Goodwill, treasurer.

The Occupational Training Center will be a single demonstration project with some of the project being carried out at LARC School and some at Goodwill Industries. A 12-member board of directors will be formed to direct the project.

\$33,360 Grant

The amount of the federal grant by the U.S. Health, Education and Welfare Dept. is \$33,360. Over \$17,000 will be financed locally.

The federal grant will give diminishing financial aid over a 3-year period. It is believed the workshop will be self-supporting by that time.

Also appointed to get the project underway was a subcommittee to work on financial matters for the Training Center. Sub-committee members are John Gedwillo and Robert Magee, co-chairmen; Bill Morris, and Ray Taylor, ex-officio member.

The newly-elected officers were designated as a subcommittee to screen applicants and employ a director for the project. The project will get underway as soon as possible, a spokesman said.

Actress Says Hubby 'Beat Her' 4 Times

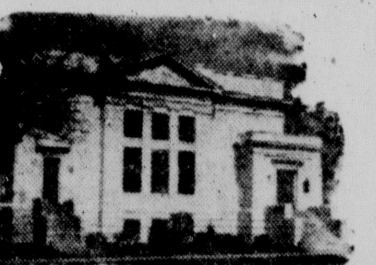

Rome (UPI) — British actress Dawn Addams accused her Italian nobleman husband of beating her in public 4 times, once while holding a revolver. He in turn charged that she lived with another man.

The charges and countercharges were filed in a Rome court in a legal separation suit that was expected to bring forth such witnesses as Gina Lollobrigida. At stake was custody of the couple's 4-year-old son, Stephen, now staying with his father.

Eastman-Kodak Has a Camera for Everybody

FOR BEGINNERS OR EXPERTS
CAMERAS ARE PERFECT GIFTS

A. BROWNIE STARMATIC OUTFIT . . .
Electric eye camera. The electric eye measures the light and automatically sets the camera. It also takes color slides. Complete with case, flashholder, bulbs, batteries, film.
45.95

B. BROWNIE REFLEX 20 OUTFIT . . . DeLuxe
flash outfit with big picture camera. It gives you twelve pictures from one roll. The big hooded "pre-view" finder shows just what you will photograph.
22.95

C. MOVIE CAMERA AND PROJECTOR . . .
8MM Brownie movie camera. F2.3, and Brownie projector take and show bright and sharp movies. Outfit includes 200 foot reel and film storage can. Economical.
78.25

D. BROWNIE STARLET OUTFIT . . . Economical
to buy and to use. Takes pictures indoors and outdoors. Easy to use, it takes color slides, color snapshots and black and white snapshots.
10.95

E. KODAK AUTOMATIC 35 . . . The electric
eye exposure control on this precision 35MM camera gives correct exposures. Fast F2.8 lens single stroke film advance.
84.50

F. KODAK 300 AND 500 SLIDE PROJECTORS . . .
Ultra portable. This projector shows color slides big and bright. Another feature is the ready-matic slide changer, that eliminates bulky magazines.

Present And Future Needs

By WILLIAM O. DOBLER

Among the proposals made in government circles during the week was one by City Councilman Chauncey W. D. Kinsey for use of \$100,000 of the \$129,000 O St. viaduct maintenance fund. The councilman would devote these funds to other street improvements throughout the city. The money is what remains of \$150,000 given the city for viaduct maintenance by the Burlington Railroad in 1955.

When the Burlington deal was made, the road was a party to an agreement with the city for which it had little taste. This agreement dated back to the turn of the century and required the Burlington to maintain forever the then-existing viaduct. As can easily be remembered, the old viaduct in the early 1950's had reached the point of such decay that maintenance was practically a full-time job and most certainly a costly one. The Burlington agreed to pay the \$150,000 to spur construction of a new crossing by the city and to get out of the old maintenance requirement.

A Long-Time Agreement

Railroads are not likely ever to get saddled with such maintenance deals again as they are now absolved of maintenance on such structures according to state law. The Burlington probably cares but little at this time what Lincoln does with the present viaduct maintenance fund as the city will never be able to collect for this purpose again from them.

But before the city spends this money, it should clear more than the legal hurdles involved. It should clear the matter through the engineering department. It takes little thought to recall the nightmare that was Lincoln's with the old viaduct. If there is any chance of the present structure becoming such a burden in 20 or 25 years, the maintenance fund should not be carelessly destroyed.

The fund was the result of the work and effort of the late former Mayor Clark Jeary and former City Attorney Jack Pace. It is one of those things on which future generations would look back on with respect and thanksgiving for the foresight of city officials of many years ago. It is like the way we look back today to the wisdom of

those men who gave Lincoln her wide streets.

It is a hard thing, to be sure, to face as many needs as Lincoln faces and still keep \$129,680 in a savings account, so to speak. If the city had \$100,000 of this fund, as Kinsey suggests, a good showing could be made with it today. But it could well mean that somebody else would have to pay the piper in the 1980s. Necessity has already forced us to burden the future with many big bond issues. The maintenance fund is little enough salve for this.

Another action this week came in the form of a decision by the Airport Authority to request a new study by the Air Use Panel of the city's aviation needs. The decision comes on the heels of a denial by the Federal Aviation Agency of a Lincoln request for \$1.5 million in federal aviation funds to assist in the construction of a new airport east of the city.

Just why the Lincoln request was turned down is anybody's guess. If Authority, state or city officials know the reason, they have not disclosed it. But there is a suspicion, at least, that the adequacy of existing facilities in certain areas figured in the FAA decision. And generally speaking, improvements to existing airports get the federal nod over new projects such as Lincoln's.

Also, there is quite a backlog of requests for federal funds and it might be that Lincoln simply has to wait her turn. But the Use Panel and the FAA know that the present Lincoln Air Force Base is adequate as a commercial airlines terminal. There may, therefore, logically be some hesitancy in providing funds to replace a currently adequate facility. Where Lincoln is short is in facilities for general aviation but the East Lincoln proposal is much more extensive than this.

And the study by the Use Panel should be possible to obtain without any costly delay of activities. It may mean Lincoln will have to shoot for 1961 federal funds rather than a 1960 allocation but this would still put the city in a position to begin construction perhaps as early as July of 1961. It may not be as quick but it will be 100 per cent more popular.

DREW PEARSON

Hardship Made Color Kinship

Osage, W.Va. — One year ago this week I stood before a gaping hole in the concrete floor of a schoolhouse in West Virginia. A bulge was punched into the ceiling above. Twisted school lockers, torn textbooks, broken plaster, splintered glass, desks and chairs were piled topsy-turvy.

A hate-monger had stolen into the school on a Sunday night, carefully placed a case of dynamite in the hall, meticulously run a wire through the gymnasium, over the transom of the gym door to a car outside. From its safety he had blown up the school.

In the months that passed, the man who wreaked vengeance on children was not caught. But in those months the people of Osage and Monongalia county have not been idle. From the rubble and ashes they have rebuilt the school. It had looked as if it could never be rebuilt, but they rebuilt it.

And last week, the boys and girls of the Osage school band, decked out in spic and span green and white uniforms, sat in that same gymnasium, once littered with broken glass and broken plaster, to play the Star-Spangled Banner during a ceremony rededicating the school.

Osage is not exactly a metropolis. It has a population of one thousand, most

of them coal miners, and most of them out of work. It has seen tragedy before. It saw 57 bodies, wrapped in gunny sacks, carried out of the Christopher mine in 1942. And it has seen historic events. It saw John L. Lewis stand under a tree in 1922, long before the United Mine Workers were a power, and claim that labor had as much right to organize as banks and business had to join together to promote industry. Walter Hart, a young reporter, now editor of the Morgantown Dominion-News, had his notes seized by the district attorney when he reported that speech. The D.A. seriously considered whether John L. Lewis should be prosecuted for treason.

Tragedy and poverty are why the people of Osage long ago learned to live with each other. They learned, working underground that white coal miner has to rely on black, and vice versa, in a rescue operation. There is no color line underground. They learned also to govern their town by electing three Negro city councilmen and three white councilmen.

So when the Supreme Court ruled that Negro children had a right to study with White Children, Osage, W.Va., had one of the first schools to integrate. There were 80 Negro children enrolled when the school was blown up one year ago.

ED KOTERBA

Solons Learn Of Taxes From Experts

WASHINGTON — The nine tax experts, attired quietly, sat before the House Taxing Committee, and what they were doing in effect was putting their hands in the pockets of about 90 million U.S. taxpayers.

The subject was: "Personal income tax deductions." One tax man shortened that to just plain "loopholes."

The nine gentlemen were in panel before Rep. Wilbur Mills (D., Ark.) and his Ways and Means committee, a group that, loosely defined, means: A committee to find ways to tax a taxpayer and the means to collect it from him.

The experts and the dour-faced congressmen all agreed they were here for one purpose: To find methods of reducing income taxes.

Samuel Hellenbrand, tax counselor for the New York Central Railroad, said maybe that could be accomplished by — of all things — eliminating personal deductions!

How would that save anybody any money? Well, explained the tax man, if nobody gets deductions, then it would mean \$30 billion more in a year's time for Uncle Sam. And if Uncle S. had that much more owed him in a year, he could cut everybody's taxes to total that amount. Follow?

This way, a taxpayer's only choice would be the "short form," with greater exemptions built in for everybody.

If a "new look" would come to income taxes, Representative Mills figures the highest bracket would be reduced from the present 91

A THOUGHT FOR THE SABBATH

Stories Of Famous Hymns

This Is The Day Of Light

This is the day of light:
Let there be light today;
O Day-spring, rise upon our night,
And chase its gloom away.

This is the day of rest:
Our failing strength renew;
On weary brain and troubled breast
Shed Thou Thy freshening dew.

This is the day of peace:
Thy peace our spirits fill;
Bid thou the blasts of discord cease,
The waves of strife be still.

This is the day of prayer:
Let earth to heaven draw near;
Lift up our hearts to seek Thee there;
Come down to meet us here.

By HORACE B. POWELL

Here is a hymn which was written to glorify the Sabbath Day. It was brought out in 1867 by John Ellerton, the author of several other favorite hymns including "Saviour, Again To Thy Dear Name We Raise", Johann M. Spiess composed the music, a tune known as "Swabia" which dates back to 1745.

Mr. Ellerton, in his hymn message, stresses the value of Sunday as a day of light, of rest, of peace, and of prayer. It has been a favorite in Christian worship for nearly a century.

Mr. Ellerton was born in England in 1826, was educated at Trinity College, Cambridge, and was a close friend of Bishop Christopher Wordsworth, a nephew of the poet, William Wordsworth. He wrote more than fifty hymns during his life-time (he died in 1893) and this one was found in a collection of "Hymns For Special Occasions And Festivals," a list of about 100 compiled by Dean Howson for Chester Cathedral.

Mr. Spiess, who composed the hymn-tune, was born in Bavaria in 1715.

Your Four Cents Worth

Brevity in letters is requested, but length in itself will have no bearing on publication. Writers are advised that needless detail and repetitious matter will be edited out of letters. Too frequent contributions from one person on the same subject may be rejected. All letters must be accompanied by writer's true name, but may be submitted for publication under a pen name or initials. However, letters will be printed under a pen name or initials only at the editor's discretion.

Pure Food Act

Lincoln, Neb.

Drew Pearson's article in the Nov. 19 Star ought to be pasted on every kitchen wall in the United States. The dreadful discovery that certain chemicals may knock human cells dippy-doodle and push these cells in the direction of cancer is a truly terrible thought. It is a sad commentary on human nature that any group of men may put money first and health second, particularly when cancer is involved.

In this connection, it is well worth reading the history of the original Pure Food Law passed during the administration of Theodore Roosevelt. The original law was a very elementary thing compared to the present complex statutes. Even so, the predatory interests made fierce resistance and it required all the power of the strenuous Theodore to put the thing across. Since that time the battle has been incessant. Latest investigations cast more and more light on the probability that chemicals are the chief devils in the cancer problem. Instead of weakening the Food and Drug Act, it ought to be strengthened and extended.

MRS. K. W. HANSON

Ham And Hog

Lincoln, Neb.

If Gov. Ralph G. Brooks is trying to steal money from Lincoln to help finance the expensive Interstate through Omaha, I am against him. Brooks' statement that Lincoln does not lose a dime or a day is either true or it isn't true. This writer has read about everything on the subject printed in the papers of the state and can't see where the combined powers of Phil Weaver, Terry Carpenter and the Lincoln Chamber of Commerce have shown how Lincoln is actually to lose any money or time on the Interstate construction. The combined uproar is so tremendous, one assumes an epic-making issue must be at stake. Somebody is trying to kidnap our Nell. Being constituents of Congressman Weaver, our ears are attuned to his statements. After reading all that he has said on the subject, it doesn't appear that he is proving that Lincoln is losing anything. It also does not appear that Congressman Weaver is losing time or opportunity to plug for his political interests. Whatever the truth may be.

The whole donnybrook smacks of political motivation. It smacks of envy of Omaha. This writer pleads guilty on the latter point. If Omaha is going to get a ham, I think Lincoln ought to get a hog. I thought it was smart manipulation a few years ago when we threw O Street west of Tenth Street out into the country and kept it there until Uncle Sam made us a \$1 1/2 million over-

pass. I want more money from both state and federal governments for roads, streets, urban renewal in general, particularly for Lincoln. Omaha appears to be getting about \$40 million to rescue her from the rigor mortis that seems to be settling down on her downtown areas. She seems to be doing alright with the interstate. Instead of screaming bloody murder, it might be smarter for Lincoln interests to wake up and submit plans, pull strings and make this great Interstate Highway mean something more than a big road along the edge of town.

Outside of Omaha, the state is showing darned little appreciation for the great possibilities of this great highway project. Mel Steen of our outdoors department is one of the few people who seem really to have constructive imagination on the

subject. He proposes that we make a sylvan piscatorial paradise along the Platte River while facilitating the Interstate project. Maybe he is crazy but I think it would be a good investment to prove it. Right now Lincoln and the whole state of Nebraska need some constructive imagination. Since George Norris gave us the conservation project of the Platte River and rural electrification, we have thought little, planned little and got little. I think Nebraska has a wonderful opportunity if it only takes some such lines blocked out by Mel Steen. We are sure not going to get anywhere by belly-aching about Omaha getting too much. After all, Omaha is a part of Nebraska. They will probably pull as hard for the biggest and best development in central Nebraska, just as they have done for the great Interstate in Omaha.

United States, Russ Nuclear Bosses Eye Joint Atoms-For-Peace Project

Washington (UPI) — The U.S. and Soviet atomic chiefs said Friday their countries may embark on joint atoms-for-peace projects next year.

Meantime, they are proposing that Russia and the United States enter into a formal agreement to exchange scientists and ideas in 3 peacetime atomic fields.

The 3 fields are controlled thermonuclear fusion (H-Bomb) reactions for power, atomic fission reactor power development, and high energy physics.

Proposals for U.S.-Soviet co-operation were discussed at a joint news conference by Chairman John A. McCone of the U.S. Atomic Energy Commission and Prof. Vasily S. Yemelyanov, director of peacetime nuclear development in Russia.

The 58-year-old Yemelyanov and 9 other Soviet scientists just completed a crowded 15-day tour of U.S. atomic power and research establishments. Yemelyanov said he was "tremendously" impressed with what he saw.

He and McCone, who made a similar visit to Russia, are asking their governments to insert an atomic co-operation clause in a cultural exchange agreement for 1960-61 which is about to be concluded.

As a starter, McCone said, 3 to 5 scientists in each of the 3 fields would be exchanged for visits lasting up to 15 days.

★ ★ ★ U.S., Russia Extend Pact For 2 Years

Washington (UPI) — The United States and Russia have agreed on a two-year extension and expansion of their cultural, technical and educational exchange program designed to promote better understanding between the two countries.

The agreement was reported by diplomatic sources. They said an official announcement of the new pact, covering 1960 and 1961, would be issued soon.

The new agreement is designed to step up the exchange program, launched in Jan. 1958.

The United States hopes the extension will result in an American-Soviet exchange of radio-TV programs and also bring about the exchange of larger numbers of persons in all cultural, technical and educational fields.

The agreement was reported by diplomatic sources. They said an official announcement of the new pact, covering 1960 and 1961, would be issued soon.

The new agreement is designed to step up the exchange program, launched in Jan. 1958.

The United States hopes the extension will result in an American-Soviet exchange of radio-TV programs and also bring about the exchange of larger numbers of persons in all cultural, technical and educational fields.

... In Good Deeds Book

Bamberg, Germany (AP) — West German police here keep records on good deeds as well as traffic violations, and many American soldiers are on their merit list. For instance, one GI happened by on a wrecker and cleared a road that had been blocked by an oil tank that fell off a truck . . . Two MPs were credited with helping police in an accident that didn't involve them, and a group spent a night clearing a highway of a rock deluge.

STUDENTS TOLD MUSIC TASTES NOT UNIVERSAL

By Mary Apking

"Music is not a universal language," Dr. Thor Johnson, member of the President's advisory committee on fine arts and director of orchestral activities at Northwestern University, said Friday.

When the United States sends musicians to the Orient under cultural exchange programs, very few of the people can understand their music, he added.

Dr. Johnson, who spoke at a noon luncheon at the 24th annual State Music Clinic, added that Americans and Europeans in turn do not understand music from the Eastern cultures.

Minnesota Speaks

Following a concert by the advanced orchestra of Millard Lefler Junior High, Dr. Maynard C. Reynolds, professor of educational psychology at the University of Minnesota, spoke on music for the gifted child.

"Schools have become too concerned with a general and wellrounded education and not enough with exceptional ability," Dr. Reynolds said.

"It may seem immoral to saturate a child with any one field so early in life," he added, "but otherwise the talent this child has may be abused and lost."

Around 1,000 student musicians are attending the clinic, sent by recommendation of their directors.

The students participate in one of 3 groups: the band, under the direction of Leo W. Moody, director of bands for Gonzaga University at Spokane, Wash.; the orchestra, directed by Dr. Johnson, and the chorus, headed by Don Craig, head of the department of choral music at Ithaca College, Ithaca, N.Y.

Other Activities

Other activities for the Friday session of the music clinic included 3 concerts and a student mixer in the evening.

On tap for Saturday is a concert by the Warrior Concert Band of Omaha West-side High at 11 a.m. in the

tists and ideas in 3 peacetime atomic fields.

The 3 fields are controlled thermonuclear fusion (H-Bomb) reactions for power, atomic fission reactor power development, and high energy physics.

Proposals for U.S.-Soviet co-operation were discussed at a joint news conference by Chairman John A. McCone of the U.S. Atomic Energy Commission and Prof. Vasily S. Yemelyanov, director of peacetime nuclear development in Russia.

The 58-year-old Yemelyanov and 9 other Soviet scientists just completed a crowded 15-day tour of U.S. atomic power and research establishments. Yemelyanov said he was "tremendously" impressed with what he saw.

He and McCone, who made a similar visit to Russia, are asking their governments to

Texter Bond Continuance Is Overruled

District Judge Paul White overruled a motion by attorney John McArthur for continuance of a \$5,000 bond to allow Earl S. Texter his freedom.

Texter was found guilty of statutory rape charges by a jury Thursday.

Judge White allowed a motion by Chief Deputy County Attorney Paul Douglas raising the bond on Texter to \$7,000 and requiring that a new bond be filed.

The proceedings late Friday afternoon occurred after District Court offices were closed, making it impossible for the former Lincoln Air Force Base airman to be released until offices were opened Monday morning.

Texter will remain in the County Jail until the new \$7,000 is posted in his behalf.

Present in the courtroom were Texter's parents from Philadelphia, where he has been living.

Lincoln High Auditorium.

The final concert, which will be held at 7:30 p.m. at Pershing Auditorium, will include students from all 3 clinic groups.

Municipal Court Receipts Set New Record At \$260,636

By Virgil Falloon
Municipal Court receipts of \$260,636.26 reached a new high during the 1958-59 fiscal year ended Aug. 31 after a steady 10-year climb had slumped to \$245,928.78 for the 1957-58 fiscal year.

This was shown in an examination by Philip G. Johnson & Co., certified public accountants, of the records of the court and Parking Violations Bureau and filed Friday with the city clerk.

Municipal Court cases tallied 18,592 as compared with 17,806 for the previous year. This was broken down as 17,670 criminal cases — an increase of 887, and 832 civil cases — a decrease of 101.

Criminal fines and costs amounted to \$251,428.45 for 1958-59 — an increase of \$18,-

845.82 over 1957-58, while civil case receipts totalled \$9,207.41 — a decrease of \$4,138.34.

74,147 Violations
The Parking Violations Bureau collected \$88,905 on 74,147 violations — an increase of \$9,702 and 10,276 violations over the preceding year. Of this total, \$18,465 was for penalties and \$70,439 for administrative costs.

The audit reported an additional 10,667 cases were either dismissed or were turned into court charges when not paid through the violations bureau.

Johnson's 12-page report said no material discrepancies were found in the court or violations bureau records, though some minor errors were noted and brought to the attention of the clerk for correction.

All court receipts issued or accounted for during the year were accounted for except 7. Court officials said one could have been voided and 6 in a numbered series could be missing due to an error in the pre-numbering of receipts by the printing company, the audit reported.

No Discrepancies
No material discrepancies were noted between validat-

ing machine tapes and validated tickets on file in the Parking Violations Bureau.

A test check of the approximately 136,635 tickets issued by police officers during the year was made through the random examination of 2,400 tickets.

"Two tickets out of the 2,400 selected at random could not be located," the report said. This appeared in contrast

to the previous year's report of "no major discrepancies."

The 4-copy ticket system and machine validation system used by the Lincoln Police Dept. was inaugurated in January, 1958. It was hailed as a "no-fix" ticket system.

The Johnson report also renews its recommendations for the third straight year that: —all receipts be deposited intact daily. The report notes

that a total of \$323.20 of August receipts on hand had not been deposited as of the close of business on Aug. 31, 1959.

—a change fund be established for the criminal division. No change fund has been established in the criminal cases division and cash is held out of current receipts to provide a working cash fund.

AFL-CIO Spokesman Asks Exemption Hike
Washington (AP)—A spokesman for the AFL-CIO urged Congress to increase the personal exemption for taxpayers and dependents from \$600 to \$800.

Such an increase, Everett M. Kassalow told the House Ways and Means Committee, "is basic and primary in any over-all reconsideration of the tax structure."

Businessmen See Bright Hope For NU Grads

...At Student-Business Meet

By Nancy Ray
Four Lincoln businessmen held out offers of bright futures for the ambitious members of the Wesleyan University student body in many occupational fields in Lincoln and the state.

Speaking at the 4th annual Student-Business convocation on the Wesleyan campus, sponsored jointly by the university and the Lincoln Chamber of Commerce, were Norman Prucha, Dan Remigio, Ray Hitchcock and Howard Chapin.

Prucha, district manager of the Carpenter Paper Co., representing wholesale trades, stressed the tremendous opportunities in the field of selling.

"You earn your own salary," he told the audience, and estimated salesmen's salaries as ranging from \$450 to \$1,500 monthly, "depending on you and on the product."

Women Too
Women are coming into their own in merchandising, Prucha commented, and cited several examples of opportunities for coeds in the field.

Remigio, plant manager of the Lincoln Goodyear Tire and Rubber Co., painted a picture of the increasing competition for executive-caliber employees in the "soaring Sixties" when the Wesleyan students will be looking for work opportunities.

Stressing that "a business can stand or fall on the trait of initiative," he outlined that "self-starters" are always in demand in the upper executive positions.

Other important characteristics for a top business executive include health, character, ability, teamwork, and thrift, Remigio said.

Ray Hitchcock, national advertising manager of the Journal-Star Printing Co., reviewed the many-sided field of advertising, from billboard work to fashion designing, and explained the importance of the field.

Key: 'New'
"The key word in advertising is 'new,'" he commented, "and we aim to move the goods of industry, the wholesalers and retailers by convincing consumers to buy."

The opportunity for women

Sen. Stryker Files For Re-Election

Sen. Harold Stryker of Rising City filed Friday as a candidate for re-election to the Nebraska Legislature from the 17th District.

Stryker was first elected to the Legislature in 1956. A former veterans vocational agriculture instructor, he is now a farmer and farm manager for absentee owners. He is a former chairman of the Butler County Democratic organization.

The 17th District is composed of Butler and Saunders Counties.

Royal Anniversary
London (AP)—The Union Jack flew from the top of public buildings throughout Britain Friday, 12th wedding anniversary of Queen Elizabeth II and Prince Philip.

in the field is tremendous, Hitchcock said, especially for those with special training or interests in fashion, nutrition, and other fields connected with advertising.

There are over 800 persons in Lincoln employed directly or indirectly in the advertising fields, he said.

Chapin, trust investment officer and assistant secretary for the First Trust Company, warned students that the experience of his firm had shown "the two things which employees need brushing up on the most are math and English."

"The one thing expected of you is that you give a break to the company which gave you a break," he said, explaining that a trainee can not be expected to be worth much to a company for his first two years during which the company may spend approximately \$10,000 in training him.

'Fair Play'
"We don't believe in the serf system any longer, but we do believe in fair play," he told students, "and you have a duty to stick with what you start."

Mayor Pat Boyles, greeting the convocation audience, said that "we are gradually getting away from the idea of 'tending to our own business' and realizing that each of us is a part of the composite picture of a growing community."

Wesleyan President Vance Rogers welcomed the businessmen and Vaulx Risser, vice president of the Lincoln Chamber of Commerce, gave the response. Robert Johnson, chairman of the Chamber's education committee, moderated the panel of business leaders.

Following the convocation, about 50 Lincoln businessmen visited Wesleyan classes and met with students informally in sessions at the Campus Center.

'Leadership Lab'
Later, the Christian college was described as a "laboratory for leadership."

The speaker was Dreng Bjornaraa, public relations director for United States Steel Corporation, Midwest district.

He addressed a noon luncheon climaxing the annual convocation.

"The explosive population increase and the higher proportion of high school graduates entering college will mean heavy demands upon the colleges and universities in the next few years," Bjornaraa noted.

"And the private liberal arts colleges will share this growth with the public institutions."

UP Claims Saving On Service

The Union Pacific Railroad Co. says it will save over \$46,000 a year by operating one train a week and irregular service from Grand Island to Ord and Grand Island to Loup City instead of the present tri-weekly service on each schedule.

The Nebraska Railway Commission gave the railroad permission to operate one mixed train Grand Island-St. Paul-Ord and return every Saturday, and one mixed train Grand Island-St. Paul-Loup City and return every Monday for a six-month trial period until May 15, 1960.

The railroad is also to give irregular service whenever there are five cars to handle, or in emergency shortages of fuel or other commodities.

It was permitted to drop regular tri-weekly service to the points.

The railroad said the points are also served on Monday, Wednesday and Friday by the Union Pacific Motor Freight Co., and agreed to provide regular rail-truck service on a Monday-through-Friday basis.

Advisory Bishop Is Named For Nebraska Methodists

Retired Bishop Ivan Lee Holt of St. Louis, a prominent world churchman and theologian, has been named advisory bishop of the Nebraska Conference of the Methodist Church.

BISHOP HOLT

Bishop Holt will serve in this capacity until next July when a resident bishop succeeding the late Bishop H. Bascom Watts will be appointed by the south-central jurisdictional conference meeting next June at Ft. Worth.

Dr. Harold C. Sandall, Lincoln district superintendent, said the appointment of Bishop Holt was made by the Council of Methodist Bishops meeting in Phoenix.

Will Not Move To Lincoln
Dr. Sandall said Bishop Holt will not move to Lincoln, but will probably make periodic trips to the state.

Bishop Holt is past president of the National Council of Churches and former member of the central committee of the World Council of Churches.

He has been cited for "outstanding leadership in America" by the Commonwealth of Pennsylvania and the University of Chicago, where he received his doctorate of philosophy.

Bishop Holt has traveled extensively throughout the world for the Methodist Movement and the World Alliance for International Friendship.

Author Of 2 Books
He serves on many national Methodist board and interdenominational commissions and has written two books, "The Return of Spring to Man's Soul" and "The Search for a New Strategy in Protestantism."

Ordained in 1909, he served on the Southern Methodist University faculty, was pastor of St. John's Church at St. Louis 1918 to 1938, and be-

came a Methodist bishop in 1938.
He is a member of Phi Beta Kappa and a 33rd-degree Scottish Rite Mason and Shriner.

Bishop Holt, 73, is a native of Arkansas.

MARTIN JOINS ACCOLADE TO FRED SEATON

More political support for Secretary of the Interior Fred A. Seaton was evidenced Friday in a statement released by former Lincoln Mayor Bennett S. Martin when he filed as a candidate for First District delegate to the 1960 Republican national convention.

Martin suggested that "Nebraska Republicans have available in Washington a friend and counselor in Fred Seaton. As a cabinet member his knowledge is such that he can provide sound and valuable leadership on matters that will come before the convention."

Of his own filing, Martin commented:
"For many years I have had a deep interest in governmental affairs. My time and attention can now be directed to the cause of the Republican Party. It would be a privilege to be one of the delegates to the convention."

On the other side of the political ledger, Kara Lee Eikelberry of Lincoln filed as a First District delegate to next year's Democratic national convention.

BROOKS IN THE PULPIT SUNDAY

Gov. Ralph G. Brooks will return to the pulpit of the Memorial Methodist Church in McCook Sunday.

The governor often filled the post during his years of service as chairman of the board.

Brooks will address the congregation on the theme, "The Fourth Dimension."

10 NU Teams Win Moot Court Tests

Results of the first competitive round of the Thomas Stinson Allen appellate competition in the College of Law at the University of Nebraska were revealed today.

Ten teams won the right to advance to the quarter final rounds next April.

First round moot court results:

- Philip Wehrman, Nelson, and Duane Hubbard, Hebron, defeated John Hummel, Central City, and Walter Weaver, Callaway.
- Walter O'Neal, Ocarace, N.C., and James Hawley, Red Cloud, defeated Charles Fisher, Chadron and James Janke, Lincoln.
- David Quist, Blair, and Frank Sides, Lincoln, defeated Earl Witoff, Fremont and Leonard Vynalek, Crete.
- Richard Gee, Lincoln, and Merritt Powell, Winter Park, Fla., defeated Francis Benedict, Lincoln and Alton Gaskill, Superior.
- Soren Jensen, Grand Island, and Charles Kimball, Indiana, defeated Richard Goos, Taylor and Frederic Goerner, Omaha.
- Ronald Slueter, Omaha, and Samuel Van Pelt, Lincoln, defeated Parker Shelly, Omaha, and Don Sherwood, Lincoln.
- Sheldon Krantz, Omaha, defeated Thomas Tye, Kearney, and Charles Beal, Lincoln.
- August Schuman, Anoka, and Betty J. Holcomb, Lincoln, defeated Duane Menz, Eagle, and Charles Noren, Superior.
- Kenneth Freed, Lincoln, and Robert Zuber, Hastings, defeated Levi Goosen, Oakley, Kan., and Edwin Langley, Omaha.

Semi-final rounds for law college seniors will be Dec. 1-2. Finalists will argue before the Nebraska Supreme Court next spring.

Semi-final competitors Dec. 1:

- Don Leonard, Madrid, Ia., and Robert Walker, Carleton, v. Larry Frazier, McCook and William Gilmore, Beatrice.

Dec. 2:

- Jay Sullivan, Clay Center, and Charles Wahl, Lemmon, S.D., v. Richard Huebner, Plattsmouth and John Haessler, Leshara.

Women Pray

Lugo, Spain (AP)—Womenfolk of the fishing village of Burela pray for the safe return of their men who were caught in storm-tossed seas in a 30-schooner fishing fleet. More than 150 men were with the fleet 100 miles off here in the moody Bay of Biscay.

Hagerty Works
Tunis (AP)—James C. Hagerty, White House press secretary arrived here to arrange the Dec. 17 visit of President Eisenhower with President Tunis.
Habib Bourguiba of Tunisia. Bourguiba will see Eisenhower aboard the U.S. Cruiser Des Moines anchored off Tunis.

—Choices Narrowed To Two— Hastings, Western Sites Vie For Missile Plant

... 'Cold, Hard Economy Will Decide Issue'

Hastings (UPI)—Rep. Phil Weaver (R-Neb) said Friday the Hastings Naval Ammunition Depot was one of two sites still being considered for a minuteman missile construction plant.

Weaver said he had been told by Air Force Secretary James Douglas that every commander in the Air Force had recommended the Hastings site for the plant.

However, Douglas told Weaver that a large air base in a western state is available and may be chosen over the Hastings site which is being abandoned by the Navy.

"The Air Force is weighing every factor carefully, includ-

ing the economy factor," Weaver said.

"When everything else is considered," he said, "it will still be a matter of cold, hard

Nebraska News

economy that will decide the issue."

Weaver promised to remain in close touch with the situation.

Wilson Heads Ag Extension Group

New officers were named by the Nebraska chapter of Epsilon Sigma Phi, national professional organization for veteran Agricultural Extension Service workers, at a meeting of the group in Lincoln. Looking over records are, seated, left, Robert Wilson, Nemaha County agent, newly elected chief; and Corwin Mead, Hamilton County agent, vice chief. Standing are Helen Becker, Extension health specialist at the University of Nebraska, secretary; and Verdon Petersen, Extension district supervisor, Lincoln, treasurer. (College of Agriculture Photo)

File Petition To Test Constitutionality Of Intangible Tax Penalty Law LB51

Omaha (AP)—Mrs. Genevieve R. Creigh of Omaha filed a petition in District Court Friday to test the constitutionality of the controversial in-

tangible tax penalty law.

She asked that LB51 be declared void and unenforceable.

The law provides that shares of stock in non-Nebraska corporations be taxed at the rate set for tangible property if it is discovered that such shares were omitted from taxpayers' original property returns.

Mrs. Creigh's petition charged that Nebraska law does not even require stocks to be reported.

Her attorney, Thomas P. Leary, said "intangible property" as defined in one tax law means only cash.

The suit claimed that LB-51's penalty provision was "legislation denying equal rights to the taxpayers of this state."

CHATTER

in the

CORRIDOR

by SHARON STRAUSS
of Northeast-High School
Under the leadership of the Student Council, Northeast students voted for the policy of having reserve cheerleaders. As is true with varsity cheerleaders elections, the girls first displayed their abilities before a panel of teachers and students. Selected were 15 finalists who then tried out before the senior high at a pep rally.

Elected to serve as reserve cheerleaders were (from the left, front row) Kay Stoehr, Margaret Wotton, Sue Hile, Mary Jo Thacker and (back row)

Pat Coleman, Jeannette Custer, Linda Lee and Cindy Hester.

Others included among the finalists were Marcia Hansen, Norma Peterson, Rita Nelson, Mary Forrest, Mary Lou Schaffer, Joyce Dalby, and Penny Keelen.

The duties of the reserve cheerleaders will be to lead cheers at the reserve and sophomore games and go to all other activities that the varsity cheerleaders can't attend. They are eligible to try out for either football or basketball cheerleaders the following year.

Approximately 230 girls

Dear Abby--

Abigail Van Buren

DEAR ABBY: Already the stores are showing gifts for Christmas. It is a blasphemy to preach that December 25th is the birthday of Jesus. Jesus was born in October when the shepherds were still out with the sheep. Christ never asked or wanted his birth celebrated by gift-giving. That idea was invented by man, not God. Christmas is a racket and is getting worse every day.

A CHRISTIAN

DEAR CHRISTIAN: The real Christmas spirit is "Peace on earth, good will toward men." If people wish to exchange gifts at Christmas time they need no commandment from the Scriptures to do so. Theologians have neither proved nor disproved the accurate birth date of Christ. Volumes have been written on the subject. But the last sentence always ends with a question mark.

DEAR ABBY: What do you think about girls having to take showers together? After every gym period we have to take showers which, of course, we should. But there are no curtains or partitions for privacy and all the girls have to shower together. Some of the girls think nothing of it. But I was taught modesty at home and I do not like this idea. My mother doesn't like it either. Can something be done about it without causing a big fuss?

"MODEST"

DEAR MODEST: In my opinion, no girl should be compelled to shower with other girls if she doesn't want to. Yours is not the first letter I have received from a girl protesting "Mass showering." Have your mother talk to the school authorities. Something CAN be done. But it will not be, unless someone complains.

DEAR ABBY: I know a

Town Talk

—Dining and dancing is on the Saturday evening agenda — for two dancing clubs. The members of the Faculty Dancing Club will have a "Harvest Hop" which begins with dinner at seven in the Colonial Room at Student Union. From the Colonial Room the group will go to the Pan American Room for dancing.

Planning the party is a committee composed of Mr. and Mrs. Clare Porter, chairmen; Mr. and Mrs. Larry Krupka, Mr. and Mrs. George Young, Mr. and Mrs. Donald Clanton, Mr. and Mrs. Robert Staples, Mr. and Mrs. James Foley, Mr. and Mrs. Duane Foote and Mr. and Mrs. Harold Gilman.

The guest couples will include Mr. and Mrs. Warren Swartz, Mr. and Mrs. Clinton Hoover, Mr. and Mrs. Robert Galloway, Mr. and Mrs. Thomas Hunt and Mr. and Mrs. Robert Florell.

—A number of guest couples

have been invited to the Saturday Night Club dinner dance, also this evening, which will be held at Hotel Cornhusker. The guest list will include Dr. and Mrs. John Curry, Mr. and Mrs. Dula, Mr. and Mrs. Lester Piper, Mr. and Mrs. Norman Gittleton, Mr. and Mrs. Clayton Eicher, Mrs. Philip Tracy of Columbus; J. E. Blackman, Mr. and Mrs. Olie Spilchal of Cedar Rapids, George Sampson and Mr. and Mrs. C. R. Philbrick, of Omaha.

Serving on the arrangements committee are Mr. and Mrs. Glen Deeter, chairmen; Mr. and Mrs. D. D. Wainwright, Mr. and Mrs. Ernest Carveth, Mr. and Mrs. Fred Bookstrom and Mr. and Mrs. Kenneth Dodge.

—And Thanksgiving guests at the home of Mr. and Mrs. Edwin DuTeau will be Mr. and Mrs. Don DuTeau and their two daughters, Nancy and Amy, of Kansas City.

Guest Is Honored At Coffee

When Mrs. E. J. Hested entertained at a coffee on Friday morning at her home, the informal party honored Mrs. Lorin Darby of Santa Monica, Calif., who arrived

last Wednesday to remain until Sunday as the house guest of Mrs. Hested.

And a word about the hostess—Mrs. Hested moved to Lincoln from Fairbury a very short time ago, and now

is settled in Apt. 104, Tower View.

In the picture, left to right, are Mrs. Darby, Mrs. W. B. Morton of Beatrice, Mrs. Hested, and Mrs. Hested's daughter, Mrs. Max Denney.

Contract Bridge

.... By B. Jay Becker

It is not so easy to see how to make six hearts even if you have the advantage of looking at all four hands.

And it's much more difficult, of course, if you don't know how the East-West cards are distributed and have to plot a course of your own without this knowledge.

But the correct line of play is practically sure to bring home the contract, whether you see the defenders' cards or not.

Declarer starts with eleven sure tricks — seven hearts, the A-K of clubs, and two aces. Or, stated otherwise,

he has two losers—both diamonds.

The simplest way to try to avoid one of the diamond losers is to finesse the queen, hoping that West was dealt the king. But this method of play offers declarer only a 50% chance of success, and a competent declarer will not settle for only an even chance to make a contract without first investigating for other means of play which will increase the likelihood of making the contract.

So, without relinquishing the possibility of ultimately relying on the diamond

East dealer.
Both sides vulnerable.

NORTH		EAST	
♠ A J 10 4	♥ Q 5	♠ K 9 8 6	♥ 8
♦ A Q 7	♣ A 10 5 2	♦ K J 9 5	♣ Q J 6 3
WEST		SOUTH	
♠ Q 7 3 2	♥ 6 4 2	♠ 5	♥ A K J 10 9 7 3
♦ 10 8 3	♣ 9 8 7	♦ 6 4 2	♣ K 4

The bidding:
East South West North
Pass 4♥ Pass 6♥

Opening lead — nine of clubs.

finesse, declarer adopts a method of play designed to circumvent the finesse and thus eliminate the element of luck.

He wins the club lead with the king, returns a club to the ace, and ruffs a club. Only three tricks have been played, but declarer is already 100% certain of making the slam.

A low heart to the queen is followed by another club ruff. Two rounds of trumps are drawn, a diamond being discarded from dummy. The stage is now set for an endplay that is sure to be successful.

South leads his singleton spade. West plays low and the ten of spades is finessed. East wins the king, but has to return a spade or a diamond, either of which gives declarer the twelfth trick he is looking for.

If West plays the queen on the first spade lead, South can assure the contract by taking the ace and conceding the jack to the king, thus again establishing the twelfth trick.

SUBURBIA

PARK MANOR

Making his premier appearance at Lincoln General Hospital on Monday, Nov. 16, was Michael Lee Gilliland, son of Mr. and Mrs. Harold Gilliland. Michael has one brother, Mark.

His paternal grandparents are Mr. and Mrs. Joe Apple, yard of McCook, and Mrs. Mable Bramer of Harlan, Ia., is the maternal grandmother. Michael's maternal great grandfather is Tom Irwin of Harlan.

On Thursday, Nov. 12, Mrs. Gunner Overgaard entertained the members of her bridge group at a luncheon and card party at her home. Present for the afternoon were Mrs. Ted Arnot, Mrs. Ed Ruppert, Mrs. Owen Fritz and Mrs. Allen Korsmeyer.

CASINO HEIGHTS

A warm welcome this morning to Dr. and Mrs. Joseph R. Murphy who moved into their new suburban home at 5245 M. early this month. Dr. Murphy is an

assistant professor of zoology at the University of Nebraska.

Younger members of the Murphy family include Joel, Gayle and Robert, all of whom attend Hawthorne School, and David.

PATRICIAN HEIGHTS

Hear that Miss Ginger Reilly will be celebrating her fourth birthday at two parties this year. The first will be on Thanksgiving Day when her parents, Mr. and Mrs. William Reilly, entertain at a family dinner.

On Saturday, Nov. 28, Ginger will entertain her young friends at an afternoon party at her home, and included among the guests will be Nancy and Pam Egger of Omaha, Terry Hansel, Roger and Barbara Holmstedt, Mary Detmer, Kelly Miyoshi and Ginger's sister, Pam.

Motoring to Hebron for Thanksgiving will be Mr. and Mrs. Don Detmer and their family. They will be the guests of Mr. Detmer's parents, Mr. and Mrs. John Detmer.

Club Activities Are Varied

The Dads' Night program of Prescott PTA featured a panel discussion on, "Health, Fads and Fallacies." Panel speakers were (from the left) A. E. Folsom, principal of Irving Junior High

School; Mrs. Lois Waring, RN, nurse with the Lincoln Schools; Dr. Samuel Fuenning, director of the University of Nebraska health service; and Dr. Kenneth Rose, also with the University health service.

The annual fall Jamboree of the Lincoln Council of Folk and SQUARE DANCE CLUBS will be held next Wednesday evening in the Activities Building on the College of Agriculture campus.

Hosts and hostesses for the evening will be the members of the Faculty Square Dance Club and all area square dancers are invited to attend and participate.

The 8 o'clock affair is open to the public and spectator seats will be available.

Serving as callers will be Willard Noxon, George Kennedy, Roland Badberg, Bill Hartz, LaVern Rockenbach, Roscoe Roeder, Jack Dill, Wayne Hatcher, Maurice Costello, Ken McCartney, Bill Speidel, George Kasparek, Roy Peck, Dick Hufnagle, LaVern Stetson and Alva Anderson.

The Christmas decorating classes sponsored by the UNIVERSITY PLACE YWCA usually held on Thurs-

days and Fridays will not be held next week because of the Thanksgiving holiday.

"As The Twig Is Bent," was the topic of a panel discussion at the Tuesday evening meeting of RANDOLPH PTA. Moderator was Harold Matthews, and panel speakers were Robert C. Blanshan, Lt. G. L. Gade and the Rev. Nye O. Bond.

The inspirational thought was given by the Rev. Clifford S. Fisher, and the program included songs by the PTA Mothersingers. Parents of fourth grade pupils were hosts and hostesses for the coffee hour.

The members of MERLE BEATTIE PTA heard a panel discussion, "Meeting Children's Needs," at the Tuesday evening meeting of the unit. Panel speakers included Miss Janet Smith, school psychiatrist; Dr. Robert S. Grant, pediatrician; the Rev. Don Stuart, minister of Trinity United Church; and Dr. David Levine, asso-

ciate professor of psychology at the University of Nebraska.

The children of the PTA room mothers introduced the members of the faculty, and hostesses for the social hour were mothers of first graders.

At the monthly dinner-meeting of the INSURANCE WOMEN of Lincoln Tuesday evening at the Capital Hotel, Miss Anne Gordon spoke to the members on her recent trip to Europe.

In charge of dinner arrangements were Olga Cherry and Margaret Kelly.

Approximately 275 attend-

ed the meeting of the PER-SHING MOTHERS CLUB Tuesday afternoon when Julius Humann spoke to the group on, "Guidance."

Mothers of fourth graders were hostesses at the coffee hour.

At the annual meeting of District II, CAMP FIRE GIRLS, held Thursday at Westminster Presbyterian Church, Mrs. Ray M. Knapp was elected chairman of the district.

Mrs. James Evinger was named vice chairman; Mrs. Wayne LeBaron, secretary; and Mrs. Lewis Taladay,

chairman of the district Leaders Association.

Committee members elected were Mrs. Leo Beck, Mrs. Max R. Bowlin, Dr. Schuyler P. Brown, Mrs. Stuart Goldberg, Mrs. George Milne Jr., Mrs. Wayne Pauley, Mrs. Delmond Phillips, Robert Walters, Mrs. Evinger, Mrs. Knapp and Mrs. LeBaron.

By Don Bryant
Manhattan, Kan. — The 1959 Big 8 curtain will drop here Saturday afternoon when Nebraska and Kansas State meet for the 44th time since 1911.

While nothing in particular is at stake—both are out of the Big 8 race, both are out of the Orange Bowl picture—the contest shapes up as a big one for both the Cornhuskers and the Wildcats. Only about 10,000 fans are expected for the 1:30 p.m. battle.

Nebraska has the most at stake: a chance for a 5-5 season, a chance for a 3-3 conference record, both high water marks under Coach Bill Jennings.

But Kansas State, which has won only one game in 9 outings, can salvage much honor by upending the highly favored Huskers (12½ points).

Never Fail

First, Coach Bus Mertes' teams have never failed to win one conference game, so a victory today would keep this mark intact.

Secondly, there are solid indications that Mertes will bow out of the Wildcat picture after today's game. A win-for-Bus would send him off on as happy a note

as possible under the circumstances.

Thirdly, it would be a feather in the Wildcat pelt if they could knock off the only Big 8 team to beat Oklahoma in 13 years.

Over-Confident?

While Nebraska is a lopsided favorite, there are many signs to defeat from over-confidence.

Kansas State, while it has won only one game and hasn't scored in 4 straight contests, has played Oklahoma, Missouri, Iowa State

and Kansas close, yielding only in the late stages. The Wildcats have been crippled by injuries all fall.

Also, there is the record which shows the Huskers

Lineups Appear On Page 14

have beaten the Wildcats only twice in the last 5 years. The last win, by the way, was here in 1957—the

only game Nebraska won in Jennings' freshman year. In the series, Nebraska has won 33, lost 8 and tied 2. Nebraska will rely on its usually sturdy defense to shackle the usually impotent Wildcat offense, based for the most part on the passing of John Solmos.

And the Scarlets are likely to see a great deal of the Mertes' spread formation.

Jennings is expected to pull few new surprises, but K-State may see some of

Pat Fischer at quarterback and Carroll Zaruba at fullback—two twists that helped the Huskers against Colorado.

Cornhuskers seeing their final action today will be Ends Roger Brede, Max Martz and Bill Bohanan; Tackle Duane Mongerson; Guards LeRoy Zentic and Dale Seimer; Center Jim Moore; and Backs Tolly and Zaruba. End Guy Sapp and Quarterback Tom Kramer, who did not make the trip, are also seniors.

Loop Titles, Bowl Berths Today's Gridiron Stakes

By Associated Press

There are 6 major conference titles and 13 top bowl invitations on the line today as the 1959 college football season begins its slowing process—schedule-wise only.

The intensity of the conference and bowl races is reflected in the triple tie for first place in the Big 10 be-

tween Wisconsin, Northwestern and Michigan State, one of whom will wind up in the Rose Bowl. All have 4-2 conference marks. The host team in the grand-daddy of the bowls could be decided if Washington beats Washington State on the West Coast.

But these are only 4 of 17 teams involved in conference

titles, with 11 considered as possible contestants in the Sugar, Cotton, Orange, Gator, Liberty and Blue Bonnet bowls.

Top-ranked Syracuse, No. 1 for the second straight week in the Associated Press poll, and Arkansas are the only ones assured of a bowl. The Orange accepted the visitor's spot in the Cotton Bowl last week after thrashing Colgate 71-0.

Arkansas has accepted a spot in the Gator Bowl, but can withdraw if it wins the Southwest Conference title outright and gets the host invitation to the Cotton Bowl. Syracuse (8-0) plays tricky Boston University (4-4) today, then has a week off until it ends the regular

season at UCLA Dec. 5.

Wisconsin (No. 9) supposedly has an easier task than Northwestern (No. 8). The Badgers face lowly Minnesota (2-6) while the Wildcats must battle a tough Illinois (4-3-1) team that upset Wisconsin last week.

Michigan State ended its Big 10 season last Saturday. A loss by both would give Michigan State the title and Rose Bowl trip.

Washington's Huskies, second to unbeaten Southern California in the Far West Five, are being dogged by independent Oregon. Both have 8-1 overall records. Southern Cal (8-0) is under suspension by the NCAA and (See Page 14, Col. 2)

CHIEFS TAKE STEPS AHEAD

Chisox' Help Renewed; '60 Operation Assured

By Al Beebe

Lincoln's 1960 baseball future took several strides forward Friday when the Board of Directors of the Lincoln Baseball Club approved 6 highly affirmative steps.

The results left no doubt that the Chiefs are in the Three-I League for another season.

1. President A. Q. Schimmel announced that the board approved renewal of a working agreement with the Chicago White Sox. The Chisox supplied assistance in the Class B league last year, and have had the agreement waiting for Lincoln's go-ahead.

2. Roger Bottorff will continue as Business Manager.

3. A new office was created, that of Executive Vice President, with J. Vaulx Risser selected for the post.

Direct Overseer

The position gives Risser the power to directly oversee operations of the club. He can make decisions without the necessity of calling the full board into session—often a difficult task during the summer.

Risser emphasized that he is not usurping the duties of President Schimmel. It is an entirely new position designed to improve the club's opera-

tion and make important decisions easier.

Risser, for several years the club's secretary in addition to other important civic duties, represented Lincoln at the recent 3-1 League meeting in Chicago and will attend the winter baseball convention in St. Petersburg, Fla.

To Clear Bills

4. Action was taken by the board to clear all bills remaining from the 1959 season.

5. The board discussed and approved the lowering of admission prices for 1960. Actual prices will be set later.

6. The Lincoln Junior Chamber of Commerce has accepted the club's proposal to handle the 1960 pre-season ticket drive—an effort which faltered in 1959. Previous drives have been handled by the Chiefs with the aid of service clubs.

Although this method aided the Chiefs in previous years, only about half the expected number of tickets were sold last year—Lincoln's first in the 3-1.

Jaycee Letter

Schimmel revealed a letter from James F. Nissen, Jaycee president, which said, in part:

"Let me say that the Lincoln Jaycees are happy to accept this opportunity to help Lincoln keep and maintain a baseball club. I can assure you that the Jaycees will exert all effort possible to make this campaign a success."

The club is shooting for about \$30,000 in pre-season sales.

Finish In Red

Lincoln was one of 4 Three-I clubs which finished in the red last year, but the other 7 members expressed confidence and optimism for a banner year at last week's league meeting.

pilfering a Micek toss at the Panther 4. A Micek-Larry Hartwig pass play carried 45 yards to the Norfolk 20 before the Bearcats fumbled away another bid.

Later end Schwaner blocked a Fisher punt at the Norfolk 15, but Norfolk repelled the effort with another interception.

The victory was Scottsbluff's 5th in 7 Big 10 playoffs.

Norfolk 13 0 0 0-13
Scottsbluff 0 0 7 7-14

Norfolk TD, Fisher 2 (11, run); 12, run). PAT, Fisher.
Scottsbluff TD, Burbach (1 plunge); Carleton (6, run). PAT, Micek 2.

—This Time For Ignoring Subpoena—

D'Amato Charged Anew

New York (AP) — Troubled Cus D'Amato Friday surrendered to state authorities and immediately was charged with violating the general business law for failing to respond to a subpoena. A warrant had been issued for his arrest.

The crew-cut, 51-year-old manager of former world heavyweight champion Floyd Patterson was released on \$2,500 bail for trial in Special Sessions court Dec. 14.

Shortly afterward, the state athletic commission announced it would render a decision Monday on its

inquiry into alleged irregularities in the promotion of the Patterson-Ingemar Johansson heavyweight title fight.

The commission has 5 charges against D'Amato and 3 against Bill Rosensohn, promoter of the fight. The commission had suspended both and revoked the license of Rosensohn Enterprises, Inc., the firm which handled the contest.

A warrant for D'Amato's arrest was issued Wednesday after he failed to answer a subpoena to appear before State Attorney General Louis J. Lefkowitz.

And The Colts Come Next

The mammoth size of Frank Morze, San Francisco 49er tackle, didn't phase this wandering, nameless dog that found its way into the 49er dressing room. Morze, 6-4 and 275 pounds, scooped the pooch up

and was promptly rewarded with a kiss. The 49ers, tops in the National Football League, battle second place Baltimore Sunday.

Curci-Led Hurricanes Stun Spartans, 18-13

... Miami Bolsters Hopes To Host Orange Bowl

Miami, Fla. (AP)—Tiny Fran Curci led a fired-up Miami football team Friday night to an 18-13 victory over Michigan State that strengthened the 152-pound quarterback's All-America hopes and put the Hurricanes within one victory of an Orange Bowl invitation.

Miami now can take the Orange Bowl berth with a win next week in its closing game with Florida. Michigan

State's Rose Bowl hopes were not affected by the loss. The Spartans can win the Big 10 title only if Northwestern and Wisconsin lose or tie in games today.

A crowd of 40,870 braved rain showers to see the fabulous little Curci guide the Hurricanes to their smashing upset. He entertained them beautifully by calling an exciting mixture of runs, passes and pichouts.

On Curci's passes and smashing runs by Jim Vollenweider, Frank Bouffard and Bob Rosbaugh, Miami surged to an 18-6 lead in the 3rd period, then held off a furious comeback by the Spartans in the final quarter.

An 8-yard touchdown run by Bouffard and a field goal by Al Dangel built a 10-0 lead for Miami before Dean Look's 9-yard touchdown pass to Herb Adderley cut the margin to 10-6 at halftime.

Curci put on a great one-man exhibition at the opening of the second half as Miami roared 80 yards to score in 13 plays and go ahead 18-6. Curci completed 4 straight passes for 48 yards, got the touchdown on a two-yard run.

Michigan State 0 0 0 0-13
Miami 18 6 0 0-18

Mis—Dangel FG 12
Mis—Bouffard 5 run (Dangel kick)
MSU—Adderley 9 pass (from Look (kick failed)
Mis—Curci 2 run (Vollenweider pass from Curci)
MSU—Ballman 10 run (Brandstatter kick).

Last Rich Race Of '59 Today

... At Pimlico

By The Associated Press
The 10th and last of the \$100,000-plus races of 1959 for the Pimlico Futurity—the the 2-year-old horses — the Pimlico Futurity—will be run today at Old Hilltop in Baltimore and the fabulous Calumet Farm has a pair of colts who might be heard of come next Derby Day at Louisville.

Pied D'Or and Keenation form the 1-2 Calumet punch in the 1-16 mile Pimlico race which drew 11 juveniles. Warfare, the 2-year-old champ, won two, the Champagne at Aqueduct and the Garden State, but is through for the year. The Futurity will gross \$116,820, the winner taking \$71,310.50.

The Pimlico Futurity has been won by Morvich, Count Fleet, Jet Pilot and Citation, all of whom went on to Kentucky Derby and 3-year-old fame, since the race was inaugurated in 1921.

Another rich race, the \$75,000-added Gallant Fox Handicap, shares top billing on the day's program at Aqueduct. The Cain Hoy Stable's Bald Eagle, winner of the recent Laurel International, is the favorite in that 1½ miles event which drew 12 entries. Mrs. Q. A. S. McKean's Polyad, who upset First Landing in the Roamer Handicap, is top weight under 120 pounds for the \$25,000-added Narragansett special.

Churchill Downs closes with the \$25,000-added Clark Handicap, with 8 named for the 1½ miles run.

3 Games Slated In AAU League

Three games are scheduled this weekend in the Nebraska AAU Basketball league.

The week's slate opens with Gerry's of Falls City at Lincoln Air Force Base in an 8 p.m. game.

Sunday, Mutual Benefit of Lincoln plays Behlen's of Columbus at Schuyler, 2 p.m., and two Lincoln clubs, Stars of Storz and National Life of Vermont, play a 2:30 game at Hooper.

BVL Climaxes Top Drive For Vets' Bowling Funds

Lincoln's city-wide Bowlers' Victory Legion experienced its most gratifying climax late Friday night.

At conclusion of the 6-day campaign all associated with the project were agreed:

Most Keglers Enter
What started a few years ago as a small-but-worthwhile women's city bowling association project had certainly blossomed.

The drive, nation-wide in stature but exclusively for Lincoln Veterans Hospital rehabilitation bowling funds here, attracted anywhere from 80 to 90 per cent of the city's league bowlers.

Enrollment-wise, women's

secretary Stella Kaufman enthused, "We should go way over the 3,000 mark."

At 50 cents a head as fees, Mrs. Kaufman figures funds directed at the hospital ought to approach \$1,200.

One of 4 Wins
Two-thirds of the fees are earmarked for the drive. The other 3rd constitutes prize money, one of every 4 landing among the winners.

"Some leagues have had 100 per cent," Mrs. Kaufman related.

And the bowling proprietors? "Every one of them has been wonderful," Stella insisted.

Winners in the endeavor are

determined by those scoring highest above their own league averages.

Tons of clerical work accompanying the latter calculations are accomplished by Mrs. Kaufman and her staff.

Included among those working into the wee hours this morning were Marge Vosta, Lillian Albert, Lou Vermaas and Marie Meisinger.

Harold Hoage, manager at Hollywood Bowl, spoke as one willing proprietor:

"As a manager I'm 100 per cent for it," he beamed. Evidently the same sentiment prevailed elsewhere too.

Smith, Olson Tops

Bob Smith and Marlow Olson are the current leaders in the Bowling Victory Legion standings:

Title Showdowns Are Near In Both NFL Conferences

By The Associated Press

It'll be the Battle of Balti- more Sunday when the champion Colts meet the San Francisco 49ers for first place in the National Football League's Western Conference.

In the Eastern Conference, two key games keep New York Giants and Cleveland Browns supporters on edge.

The Browns, tied for first place with New York (each 6-2), entertain the Pittsburgh Steelers in Cleveland. New York meets the Chicago Cardinals in Minneapolis.

San Francisco tops the West with a 6-2 mark. Baltimore is 5-3, so a Colt victory is virtually a must.

Neither the Colts, who nipped New York in their sudden death overtime play-off last year, nor the Giants are as terrifying this season.

In 12 regular league games a year ago Baltimore rolled up 381 points and gave up 203 points.

This year in 8 games Baltimore has tallied 215 points, but the Colt defense has allowed 176.

New York's rock-ribbed defense is still there, but the offense has suffered with the loss of quarterbacks Charley Conerly and George Shaw.

Johnny Unitas, Baltimore's star passer, must keep connecting while his defensive

mates stop power-running 49-er backs Joe Perry and J. D. Smith.

The Philadelphia Eagles in the Eastern Conference and the Chicago Bears in the West are also watching the leaders. Both are in third place.

Furman Bowls Over Davidson Club, 35-7

Greenville, S. C. (AP)—Furman's revamped Hurricane overpowered Davidson 35-7 in a Southern Conference game Friday, scoring 3 times on passes and twice on the ground.

Quarterback Ben Canty, heading the first unit, hurtled two of the scoring strikes.

alternate, Billy Baker, tossed for one and set up two others with his passes.

Furman marched 81 yards the first time it got the ball. Tom Campbell scoring from the 3. Shelly Sutton kicked the first of 4 extra points to give the Hurricane a 7-0 lead.

Divadson's second unit carried 62 yards in the second period for its only touchdown, Tom Redding's 33-yard pass to George Hart being

the big play. Hart scored from the one and Bruce Usher kicked point.

Davidson . . . 7 7 0 0-7
Furman . . . 27 14 7-35
Fur—Campbell 11 run (Sutton kick)
Dav—Hart 1 run (Usher kick)
Fur—Fowler 4 run (Sutton kick)
Fur—Taylor 17 pass from Canty (Sutton kick)
Fur—Newman 5 pass from Baker (Sutton kick)

I-State Eyes Share Of Title; OU Favored

Sooners Can Clinch Bud's 12th Crown

Norman, Okla. (AP) — Ar-ayed with offensive and de- fensive talent, the Iowa State Cyclones hope to make their biggest splash of the season against the favored Oklahoma Sooners at Owen Field today.

A crowd of 45,000 is expect- ed for the 2 p.m. kickoff. The weather forecast called for cloudy and cool.

Coach Clay Stapleton will combat the Sooners with a team that is rated 8th in the nation in total defense and one which boasts the two best ground gainers in the coun- try. Oklahoma counters with the 5th best rushing team in the U.S.

A triumph for Oklahoma will result in its 12th straight Big 8 Conference champion- ship under coach Bud Wilkin- son.

An Iowa State victory would give the Cyclones a share of the conference title with Oklahoma and the win- ner of the Missouri-Kansas game.

It also would catapult the Cyclones into contention for an Orange Bowl bid. The Orange Bowl Committee has the right to select the Big 8 representatives in the event of a tie, and Oklahoma can't return this year under con- ference rules.

Iowa State will count on the running of fullback Tom Watkins and tailback Dwight Nichols. Watkins is the na- tion's leading ground gainer with 775 yards while Nichols is No. 2 with 711 yards.

Iowa State is 7-2 while Oklahoma is 5-3.

BLIND HUNTER HITS TARGET

Roanoke, Va. (AP) — A 26- year-old blind man Friday killed an 8-point, 175-pound buck deer while hunting in southwest Virginia's Smyth County.

Charles M. Rupard Jr. of Marion was hunting with his father on Brushy Mountain when he heard the deer com- ing toward him.

"My dad said, 'There he comes' and I just shot him," said Rupard.

Rupard, blind since infan- cy, was in a party of 4. He is a graduate of the Virginia School for the Deaf and Blind at Staunton.

BRUHA . . . with mutilated deer. (Star Staff Photo)

Game Commission Beginning Probe Into Killing, Mutilation Of 4 Deer

An investigation into the shooting and mutilation of 4 young deer near Lincoln was underway by the Nebraska Game Commission Friday.

The remains of the deer were discovered in a ditch near the Veterans Hospital east of the city Wednesday, Game Commission officials reported. It is believed the animals were shot sometime Tuesday.

HAWK, ISU GRID GAME MENTIONED

Oakdale, Ia. (AP)—The pros- pect of Iowa State University and the State University of Iowa playing each other in an annual football game was brought before the State Board of Regents Friday.

Regent Lester Gillette re- ceived approval of his request that a discussion of forensic and athletic contests between the institutions controlled by the regents be held at the next meeting, sometime in December.

Gillette pointed out that of 50 states only 3 have land grant institutions which don't play the state universities—Iowa, Idaho and Colorado.

Baxa Unanimous Cloverleaf Pick

Western — George Baxa of Western was the only unani- mous all-conference choice in the Cloverleaf Conference bal- loting.

Others picked were Larry Urbauer and Dan Stengel of Shickley; Roy Smith and Don Lewein of DeWitt; George Roesler and Don Rut of To- bias; Mel Nun of Ohioa; and Gary Winkelbauer of Milligan.

The hind quarters of 3 of the animals were removed and only the hide of the 4th was found, Dale Bruha, in- vestigating officer, told The Star.

Bruha said the commission also found the remains of a hen pheasant in a sack near the dead animals.

It has not been determined what make of gun killed the deer, but Bruha said he was certain that it was a high powered rifle.

"The bullets went complet- ly through the deer and no slugs were recovered," he said.

Investigators were certain that the animals were not killed at the scene, just dropped off.

Bruha said the deer were White Tails, ranging from two to 3 years in age. The southeastern part of the state is densely populated with

these deer, he added.

"When the commission finds the person or persons responsible for the incident," he declared, "There's over \$1,600 in fines and liquidated damages waiting for them."

The Game Commission is working with the Lancaster County Sheriff's office on the case. No definite leads have been uncovered as yet, ac- cording to Bruha.

GRID FETE SET BACK

The annual football banquet for the University of Nebraska football team has once again been set back.

The University Club's gath- ering is now scheduled for Dec. 2. Social hour is set for 5:30 with the dinner at 7 p.m.

Dr. Ronald Meredith is the guest speaker.

11TH HOUR GIFT SAVES MAVERICKS FROM OUSTER

Denver (AP)—The Denver Mavericks of the International Hockey League won an 11th hour reprieve Friday night after being orphaned by the city a few hours earlier for non-payment of rent.

President Charles Byrne and two well-to-do fans of the club gave the city a \$2,000 check to cover past debts, and thereby got the go-ahead for the Mavericks to fulfill two weekend playing dates at the Coliseum.

The city, which owns and operates the Coliseum, earlier had canceled the team's games here today and Sunday with St. Paul.

The \$2,000 covers rent due from 4 games here earlier this month.

The Mavericks had until noon Friday to pay up past dates plus the \$500 rental fee for each of the two weekend engagements.

When the money had not been presented by 1 p.m., Joseph A. Salankey announced he was cancelling the St. Paul games and would allow the ice surface at the coliseum to melt.

The order was rescinded later by Tom Millsack, gen- eral services administrator for the city and Salankey's su- perior.

Casper Tied With Justin At Mobile

Mobile, Ala. (AP) — National Open champion Bill Casper Jr. and newcomer Jon Gustin shot 4 under par 68s Friday and moved out in front at the halfway mark of the Mobile Open golf tournament.

Gay Brewer Jr., young bridegroom from Crystal River, Fla., shot the best round of the day—a 34-33—67 over the 6,383-yard Mobile Municipal Golf Course. Par is 36-36—72.

The round moved Brewer, who had started with a 73, into a tie at 140 with 6 other play- ers including Arnold Palmer and Walter Burkemo.

In addition to Brewer's 67, there were 5 rounds of 68 and numerous other sub-par rounds as the touring pros found their sights on the two-year-old course.

Second-round leaders:

Gustin	71-68-139
Casper	71-68-139
Ernie Fother	71-68-140
Palmer	72-68-140
Mel Bradley	70-70-140
Burkemo	70-70-140
Brewer	73-67-140
Jerry Pittman, Tulsa, Okla.	67-73-140
Pat Schwab	72-68-140
Gene Lesch	73-68-141
Hovie Johnson	70-71-141
John Barnum	69-72-141
Bob Goetz	71-70-141

HERKY'S CREATOR HONOREE

Iowa City, Ia. (AP) — The man who created the "Her- ky the Hawk" symbol for the State University of Iowa will be honored in half- time ceremonies here Sat- urday during the Iowa- Notre Dame football game. He is Dick Spencer III, of Colorado Springs, Colo., an Iowa alumnus and former instructor in the SUI School of Journalism.

Spencer, currently editor of Western Horseman mag- azine, created Herky in 1948 while teaching at the uni- versity.

He will receive an hon- orary blanket from Ath- letic Director Paul Brechler during halftime ceremon- ies. The blanket will be in- scribed "To Herky's Mother from the SUI Athletic Department."

Crowds, Drinking Set Cup Records

Melbourne (Saturday) (AP)— The international Canada Cup golf matches which ended here today set new records in attendance—and beer guz- zling.

The first 3 days of the com- petition drew 45,000 equaling the all time National Open mark in the United States set at Winged Foot in suburban Mamaroneck, N.Y., last June. Today's crowd was expected to reach 30,000 making a total of 75,000.

Concessionaires said addi- tional trucks of beer were brought in today to settle the thirst of froth-loving Aussies. A hurried order was put in for 40,000 glasses.

W. Germans Balk At 'Common Flag'

Bonn, Germany (AP)— The West German government has repudiated agreement of West and East German Olympic committees to carry a "common flag" at the 1960 Olympic Games.

It's inconsistent with na- tional dignity for an emblem other than the black, red and gold federal German flag to be carried, the govern- ment stated.

Decision being disputed was that the two German Olympic committees would carry, "a common flag and a common emblem," and that in no circumstances would it be the national flag of either part of Germany.

A'S PICK FREDDIE

Kansas City (AP) — Fred Fitzsimmons, veteran major league player and manager, has been named pitching coach of the Kansas City Athletics for the 1960 season.

Towel Awarded Split Nod Against Matthews

New York (AP) — Willie To- weel, of Johannesburg, South Africa, a master boxer fight- ing for survival after two knockdowns in the 8th round, won a split decision over Philadelphia's Len Matthews Friday night in a rousing 10-rounder at Madison Square Garden.

Towel, former British Em- pire lightweight champion, turned in a beautiful job of counter punching against an ever-charging opponent who packed more thunder in his punches.

Floored by a left hook early in the 8th round and dropped again from another furious barrage of punches, Towel barely made the bell in that round. He was wandering wearily under heavy pun-

ishment when the gong sound- ed. It was a thrilling fight that had the small crowd of about 2,500 on its feet and cheering wildly as it ended with Towel fighting back brilliantly.

Matthews chased him all night long but usually it was Towel who got in the first punch. He showed a fine over- hand right and a stinging jab.

Referee Harry Ebbets vol- ed for Towel 5-4-1 and Judge Artie Aidala had it 6-3-1 in favor of Towel. Judge Ray Kozak scored it even in rounds 5-5 with Matthews on top by points 9-5.

Peterson Criticizes Farm Program

Benson Failed On Promises, Says Brooks

McCook (P)—Everett Peterson, University of Nebraska Extension economist, told the Nebraska Wheat Growers Assn. convention Friday that it is up to agriculture to come up with a solution to the program of surpluses.

He said that as he saw it the main hope lies in developing broader industrial uses for grain and development of an expanded foreign market.

Peterson said the present farm program is making no progress in control of surpluses.

Promotion of U.S. wheat is doing some good in the foreign market, he said, and research for greater industrial use is desirable although it is to be doubted that any great progress in this field will be made within the next 5 years.

Peterson predicted that the wheat production from the 1959-60 crop will be 2,400,000 bushels of which 1,365,000, 000 bushels will be surplus by July 1 of next year.

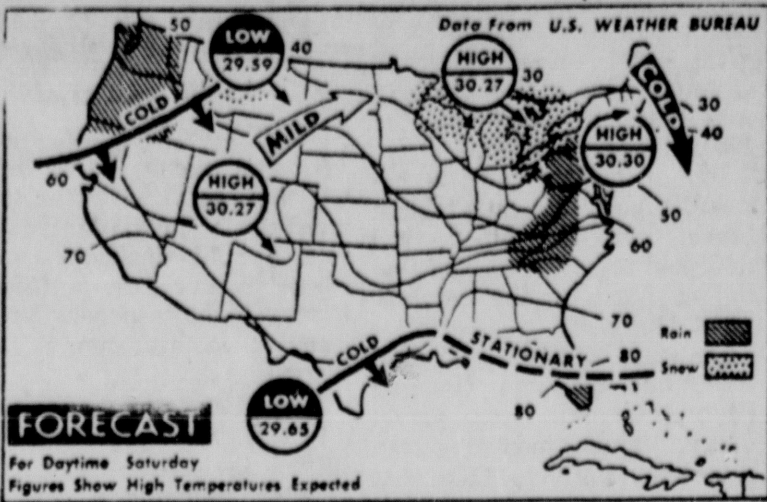

Meanwhile, Gov. Ralph Brooks made a plea for traffic safety and lambasted the Republican farm policy under Agriculture Secretary Ezra Taft Benson.

Brooks said the American farmer is the only second class citizen left in the U.S. and said farm interests were the only ones not represented in government.

He urged farmers to use the ballot as a method for making their wishes known.

Brooks accused Benson of going back on promises made in 1952 to reduce the cost of administering government farm programs and the manpower used in the programs.

He said in 1952 some 67,400 persons were employed by the agriculture department as compared to 85,000 in 1959. Similarly the agriculture department budget has risen from \$1,053,000,000 in 1952 to \$7,164,000,000 in 1959.

FORECAST
For Daytime Saturday
Figures Show High Temperatures Expected

Mild Temps Expected To Continue

Rain is predicted Saturday for Ohio and Tennessee Valleys eastward to the Appalachians with snow likely in the Great Lakes region. Rain is also forecast for the Northwest Pacific area with snow flurries in the northern Rockies. It will continue cold in the north Atlantic states with milder temperatures in the central and northern Plains, the upper Mississippi Valley and the Florida peninsula. (AP Wire-photo Map)

Fraudulent Land Sale Suit Filed Against Lautenschlager

Grand Island (P)—A lawsuit asking \$9,200 has been filed in District Court here against State Sen. Marvin Lautenschlager, Grand Island, in connection with a real estate transaction.

In the petition Stuart and Adelia Schepers accuse Lautenschlager of fraudulently purchasing a quarter section of land from them for \$24,000 and reselling it for \$32,000. They also allege that in the course of the transaction he accepted an agent's fee of \$1,200 even though he listed himself as co-grantee in this particular part of the transaction, which involved deeding the land to his uncle for the original \$24,000. Lautenschlager said the \$24,000 price was set by the Schepers and through his efforts they got it.

The Schepers allege that Lautenschlager, as their agent, told them \$24,000 was the best price obtainable for the land even while he knew of the \$32,000 offer from Dr. Howard Yost of Grand Island.

The petition alleged that Dr. Yost agreed to the higher price if sufficient water for irrigation were to be had on the land, that Lautenschlager

Meter Fines Awarded To School Dist.

Hastings (P)—District Judge Edmund Nuss has ordered the city of Hastings to turn over to the Hastings School District \$32,275 in parking meter fines for the period between September, 1954, and April, 1957.

Together with this recovery, the school district will receive an interest rate of 6% per annum on the amount as provided by law, the judge said.

The action was the result of a suit filed by the school district in October, 1958, to recover overtime parking meter fines. It was based on an earlier ruling by the Nebraska Supreme Court that parking penalties are fines and as such should be paid to the school district.

The district's petition for recovery of the fines asked that Ordinance 1869, which the City Council adopted last July as a means of paying the city for costs and administrative fees in handling parking meter fines, be declared null and void.

However, Judge Nuss found for the city, ruling it is entitled to withhold a "certain amount" from parking fines for costs and administrative fees.

Paper Company Reports Record Sales, Income

Omaha (P)—The Carpenter Paper Co. has reported record highs in sales and net income for 9 and 12-month periods ended Sept. 30.

Directors declared a quarterly dividend of 40 cents and a year-end extra of 20 cents.

Nebraska News

both payable Nov. 11, and a 5% stock dividend, payable Nov. 27.

Sales for the 9-month period totaled \$75,157,680, compared with \$68,221,835 during the same period last year. Net income of \$1,584,244 was equal to \$2.37 a share, compared to a net during the same period in 1958 of \$1,283,677, or \$1.93 per share.

For the 12-month period, sales of \$98,408,517 compared with \$90,198,409 the previous 12 months. Net income of \$2,538,075, or \$3.79 per share, compared with \$1,077,745 or \$3.13 a share the previous 12 months.

Missing Girl Back; Charge Is Dismissed

Ogallala (P)—Charges of concealing a child were dismissed Friday against Dennis Peterson, 19, of Ogallala. He had been accused in the disappearance Monday of Jayne McGinley, 16, of Keystone.

The girl returned home Thursday night. Young Peterson was charged Wednesday and had pleaded innocent. The two had been dating.

The charges were dismissed by County Attorney Firmin Q. Feltz.

Services Held For Dr. Murchie, 89

Pawnee City—Funeral services were held here Friday for Dr. William Murchie, 89, retired minister of the United Presbyterian Church here. Burial was at Tarkio, Mo. Surviving are his wife and 3 daughters.

2 Alleged Auto Injury Damage Denials Affirmed

The Nebraska Supreme Court Friday affirmed the decisions of lower courts denying damages for injuries allegedly received in two separate automobile accidents.

The District Court for Lancaster County was upheld in dismissing the case of Burdette S. Johnson, appellant, against Dr. Harry A. Taylor.

Johnson alleged he was injured in a 1956 collision with a car driven by Dr. Taylor. The opinion said Johnson got out of his car after the accident and said he thought he had sustained no injury. However, he collapsed after driving his car to a garage, and later received surgery.

The court found Johnson's evidence insufficient to sustain a verdict that the negligence of Dr. Taylor caused injury.

The Supreme Court also upheld the district court for Merrick County in the case of James Harris, appellant, against Robert Pullen.

Said Injured By Truck

Harris maintained he was injured in 1958 in a collision with a truck driven by Marvin Rogers, an employee of Pullen. The jury found in favor of Pullen, and a motion by Harris for a judgment notwithstanding the verdict was overruled.

The case from Box Butte

County District Court of Claud E. Todd, executor and beneficiary of the will of Addie Thompson, against Box Butte and Sheridan Counties, was reversed and remanded with directions.

Todd was the son-in-law of Mrs. Thompson, who died in 1957 bequeathing him a substantial part of the residue of her estate, the opinion said.

The district court held that inheritance tax was payable under certain sections. The high court reversed the decision and instructed the court to render judgment holding

ANGEL
By Mel Casson

the tax payable under a different section.

The Supreme Court also upheld a Lincoln County District Court decision on a child-support case involving Geraldine Halsted and Lawrence Halsted, appellant.

Halsted was granted a divorce in 1943. The decree directed him to pay \$10 a month for support of their child, custody of whom was given to Mrs. Halsted. More than \$1,100 remains due, the opinion said, which appears as a judgment lien on real estate formerly owned by Halsted's parents. Halsted applied to the trial court to release the lien, but was denied on grounds that evidence is insufficient to show that he was a trustee of the property.

CB&Q HEARING IS SET DEC. 8

The Nebraska Railway Commission announced Friday it will hold a "hearing on interrogatories" on the application by the Chicago, Burlington & Quincy Railroad Co. to discontinue two Lincoln-Alliance trains.

The two passenger trains are Nos. 41 and 44. The hearing was set for 9:30 a.m. Tuesday, Dec. 8, in the Capitol.

The hearing was called after the protestors to the ap-

plication filed a list of 50 questions they wished to have answered, and the railroad filed an objection to the questions.

The protestors, represented by Atty. Albert T. Reddish, are the cities of Alliance and Ravenna and the villages of Mullen and Hyannis.

The commission also granted authority to the Railway Express Agency, Inc., to discontinue the agency service at Sunol.

10 Lost In Ship Blast

Manila (P) — A small trading ship with a load of fuel aboard exploded and sank in central Philippine waters. Reports reaching here said there were two survivors of a crew of 12.
